GAS TAX-AUTO FEE BILL PASSED

OCEAN FLYER KILLED WHILE STUNTING

PROMINENT CORSCICANAN FOUND DEAD IN HOME

NOTED PILOT AND TWO FRIENDS DIE IN PLANE CRASH

WILMER STULTZ WAS STUNTING WHEN SHIP WENT INTO TAIL SPIN MONDAY

ROOSEVELT FIELD, N. Y., July 1. (AP)—Wilmer Stultz, Amelia Earhart's trans-Atlantic pilot, and two companions were killed today in the crash of a plane Stultz was stunting between here and Mineola.

Stultz, who piloted Miss Amelia Earhart across the ocean to Wales last year, was piloting an open cockpit biplane at about 300 feet altitude today when the ship went into a tail spin.

Stultz was born in Williamsburg, Pa., 29 years ago. He is married. The plane was owned by John Hay Whitney, and Stultz took it up for a stunting expedition. He was in these maneuvers when the ship went into a spin.

Companions Die Instantly.

The two men with Stultz were instantly killed as the plane went into a tail spin at an altitude of about 300 feet and crashed. Stultz died as he reached the Nassau county hospital in Mineola.

It was the fourth fatal airplane accident at the Long Island fields within the past few days. In the first Francis Phillips, son of the late John Phillips, Queens sewer pipe magnate, was the victim. Next an endurance plane fell. Jack Ashcraft being killed and Miss Viola Gentry critically injured. A few hours after that an army plane caught fire in the air and Corporal Elmer Barry was fatally injured. Lieut. Maxwell Balfour being severely burned.

The two men with Stultz were identified as Patrick Costiuchi of Roslyn and Charles Harwood of (Continued on Page 11)

Wins Rockefeller Prize

Miss Marion Boyd, 17-year-old Detroit lass, was presented with a certificate by President Hoover for her winning slogan, "This Is Your Country—Beautify It," in the contest sponsored by Mrs. John D. Rockefeller, Jr., and conducted by the Art Center of New York. The slogan will no doubt be a household word from now on, as the national campaign to encourage the beautification of American rural localities swings into action.

WABASH RAILROAD FILES APPLICATION FOR GREAT MERGER

NEARLY SCORE OF ROADS INVOLVED IN PLAN PRESENTED TO I. C. C.

WASHINGTON, July 1. (AP)—Formation of a new railway trunk line in the east is planned by the Wabash Railroad. An application for establishment of the new system was brought to Washington today by Representatives of the Wabash for the consideration of the Interstate Commerce Commission.

It asks authority to acquire control by lease or stock purchase of nine railroads and joint control of five others. Trackage rights over several systems also are sought.

If approved by the commission, the plan would result in the establishment of a fifth eastern trunk line with western termini at Chicago, St. Louis, Kansas City, Omaha and Des Moines and eastern termini at New York, Philadelphia and Baltimore.

Four Trunk Lines.

The four trunk lines now in operation are the Pennsylvania, the New York Central, the Baltimore and Ohio and the Chesapeake and Ohio. The latter two have filed merger plans of their own with the commission, which have been opposed by the Wabash.

Lines which the Wabash seeks to control are the Lehigh valley, Wheeling and Lake Erie, Pittsburgh and West Virginia, Western Maryland, Lehigh and New England, Akron, Canton and Youngstown, the Elgin, Joliet and Eastern, the Toledo, Peoria and Western and the Chicago and Illinois Midland.

A one-sixth interest is sought in (Continued on Page 4)

JOSH HALBERT

(An Editorial)

The sudden death of Josh Halbert has left the entire community in the grip of sincere sorrow and the city is enveloped in a pall of sadness.

Quiet and unassuming he was loved by his fellow-townsmen. He had friends in every walk of life—staunch and loyal friends—friends who will feel his loss more than the world will ever know.

Sincere in his beliefs he practiced what he preached—giving each day an unimpeachable Christian life, but always tolerant—living his own life to his own beliefs and actions.

There is not a part of the business, religious or social life of Corsicana that will not miss Josh Halbert. It will be many years, if ever that a man will take the place he had carved for himself in the daily activities of the community in which he lived.

A member of the First Methodist Church practically all of his life he gave liberally of his time and money in the furtherance of religious activities. He was never too busy to answer the call of his church.

His business interests were many and in all dealings his honesty and integrity were never questioned.

As mayor of Corsicana for many years he gave as much, and more, in the interest of city affairs than any man, and much of the credit for Corsicana's present growth and prosperity can be traced to Josh Halbert.

Never a man to push himself into the forefront, many acts of kindness and charity that the world will never know could be traced to the generosity of Josh Halbert.

Every day of his life was an open book, respected, loved by all who knew him.

A home has lost a loving and thoughtful husband and father—the church has lost a staunch, sincere and loyal worker—the city has lost a generous and progressive citizen and many of us have lost a true and loyal friend.

Josh Halbert was a living exponent of the Golden Rule as nearly as it is possible for any mortal to be.

JOSH L. HALBERT FOUND DEAD EARLY MONDAY AT HOME

PROMINENT CORSCICANA CITIZEN BELIEVED TO HAVE FALLEN INTO BATHTUB

Josh L. Halbert, aged 60, former mayor of Corsicana and an outstanding leader in municipal, civic, financial and religious circles for many years, was found dead in his bathtub shortly before 8 o'clock Monday morning. Death was attributed to an attack of vertigo.

He is survived by his wife, three children: Josh, Jr., Eliza and Fannie; and three sisters: Mrs. Annie Halbert Parr of Hillsboro, Mrs. Helene Halbert Groce of Waxahatchie, and Mrs. Hallie Halbert Goldborough of Marshall.

Funeral services will be held at the First Methodist church Tuesday afternoon at 5 o'clock. Pallbearers will be Douglas Jackson of Shreveport, La.; Lowry Martin, Henry Robbins, Beauford H. Jester, Charles G. Jester, Josh H. Groce, of Waxahatchie, F. B. McKelvie and C. Allyn Gordon, all relatives of the family.

Honorary pallbearers will be the members of the board of stewards of the First Methodist and all members of the newly formed Josh Halbert Bible club of the First Methodist church.

Mr. Halbert narrowly escaped death Thursday morning when his automobile plunged over an embankment on the Drane road, and suffered numerous cuts and bruises. He was able to be up and about his home Sunday, and attending physicians thought he was doing nicely. He told his wife Sunday night that he felt unusually well.

Falls Into Bathtub.

Mrs. Halbert discovered the body shortly before 8 o'clock, and (Continued on Page 11)

Fifty Injured Effort Attend Sunday Mass

MEXICO CITY, July 1.—(AP)—Fifty persons were injured, crushed and almost suffocated in their anxiety to attend the first Sunday mass in Mexico in three years yesterday at Our Lady of the Guadalupe church, near the city.

Those injured were treated by the Red Cross, which discharged finally all but two who were badly hurt. Tens of thousands of Mexicans flocked to the little church, which is the national shrine, as soon as bells tolled the hour for the masses.

It was the first Sunday mass in Mexico since August, 1926, although masses have been said at other churches in Mexico City Thursday, Friday and Saturday of last week.

HOUSE CONCURRED IN SENATE MEASURE MONDAY MORNING

GAS TAX OF FOUR CENTS GOES WITH FIFTY PER CENT LICENSE CUT

AUSTIN, July 1. (AP)—The house of representatives today concurred in the senate amendments to its four cent gasoline tax bill. There were 104 affirmative votes to 14 noes, putting the bill into effect immediately when signed by the governor. Combined with the gas tax is a registration fee levy four automobiles. Automobile registration fees are reduced 50 per cent under the existing schedule.

The vote on concurrence came after Rep. C. E. Nicholson of Port Neches sent up in writing points of order claiming the senate bill could not be considered because it incorporated two subjects in contravention to the constitution, and also that the title was not broad enough to cover all the subject matter.

Speaker W. S. Barron overruled the points of order, and Representative Nicholson attempted to (Continued on Page 11)

Pink Bollworm Loss Bill Cut Square In Half

AUSTIN, July 1.—(AP)—The \$300,000 claim of West Texas farmers for damages as a result of the pink boll worm quarantine was cut to \$150,000 by the house of representatives today.

Approximately 8,000 farmers in Texas were affected by the quarantine. Rep. Carl Rountree of Lamesa told the house. Representatives Henry Webb of Odessa and Penrose Metcalfe of San Angelo appealed to the house to allow the \$300,000 or nothing.

SEVERAL IMPORTANT MEASURES REMAINED UNDECIDED MONDAY

APPROPRIATIONS AND AUTO-MOBILE AND GAS TAX BILLS STILL UNPASSED

BY R. W. BARRY (Associated Press Staff Writer.)

AUSTIN, July 1. (AP)—Members of the 41st legislature do not know whether to pack their belongings or pay the landlord for another month's rent.

Although the principal unfinished business before the second called session, due to end tomorrow, is adoption of free conference reports, the tangle over the \$300,000 worth of appropriations bills might force a third session.

The house of representatives might pull a surprise and concur in the senate amendments to its gasoline tax bill. The senate simply discarded both of the house automobile registration fee and gasoline tax bills and substituted a combination measure covering both subjects in one.

Looks Like 4 Cent Tax.

The way it stands now the automobile users are due to pay a gasoline tax of 4 cents a gallon and a registration fee half the sum collected at present. The house has a bill for a 3 cent gasoline tax and a 30 per cent reduction in passenger car registration fees.

The worst that can happen is appointment of a free conference committee to work out the differences. Even should it fail before the session ends, there would not be a great deal of damage, since the highway department would continue to receive its two cent gas tax and the present schedule of registration fees.

The main barrier to orderly sine die adjournment tomorrow is the educational appropriation bill. The house and senate are at loggerheads.

(Continued on Page 11)

ACCIDENTS ROLL UP HEAVY TOTAL OVER WEEK END

FORMER DAWSON RESIDENT KILLED IN DALLAS CRASH SUNDAY

DALLAS, July 1. (AP)—Nine were killed and fourteen injured in traffic accidents in one of the most tragic week-ends of the year in Texas yesterday and Saturday night.

All of the dead save a negro, Joseph Williams, 69, who was hit by an automobile at Galveston, were young people. Five died where their automobiles turned over.

Lilburn Nicholson, McKinney; Appleton Dallas; James Thomas Dallas, died of injuries received when their automobile left the road as the party rounded a curve near McKinney. The Dallas youths were spending the week end at McKinney and had invited Nicholson to go with them.

Miss Gladys Lourine Davis, 21, and Miss Bovie Spears, 18, died a few minutes after the car in which they were returning to Houston from Galveston, smashed into a truck, stalled on the highway. John Canolle, 21, Houston, driver of the brain and other injuries. He may recover.

George Mitchell 25, Dallas, formerly of Dawson, and Philip P. Proctor, 28, died from injuries received when their car struck sand as they drove in a rut along a street car track here. Ross Hand received serious injuries in the wreck.

Carroll Weaver, 17-year-old son of Mr. and Mrs. A. V. Weaver of Lubbock, died Sunday from injuries received in an automobile collision. His father is a city commissioner of Lubbock.

George Booth 23, Texas City, was seriously injured and Joe Arcoy, 17, was hurt as their automobile crashed into a telephone pole on the Dickinson-Kemah highway near Galveston. Five others in the machine escaped uninjured.

W. C. Cavett, 24, and Benny Wagner, 21, were injured in a motorcycle-automobile crash here. Milton Miller, 22, and Frank Fuips, 24, were injured in an automobile wreck here.

Mr. and Mrs. W. M. Coghlin were (Continued on Page 11)

KING GEORGE RETURNS HOME AMID TRIUMPHAL PLAUDITS OF ENTHUSIASTIC LONDONERS

LONDON, July 1. —(AP)—King George, his face shining with happiness and renewed health, came home today to the acclaim of one of the greatest popular demonstrations of his reign.

Leaving Windsor castle an hour earlier with Queen Mary in a closed motor car, the royal pair changed to an open landau with rependant livery at Albert Hall, Kensington Garden, and from there on rode between throngs of applauding thousands.

At Buckingham palace one of the largest crowds ever seen outside its gates had gathered, and their majesties after entering responded to the manifestation.

As his figure, remarkably straight and military for all the travail of the past few months, was seen on a little platform the palace bands started to play the British national anthem, "God Save the King."

The music stirred the throng to tumultuous enthusiasm, cheer after cheer coming from thousands of throats, while hands waved handkerchiefs and flags. King George removed his tall hat and smiled and waved at the crowd, with Queen Mary, who fairly beamed her pleasure, he pointed out groups in the crowd.

HUGE SUMS PAID TO GRAIN GROWERS OF TEXAS MONDAY

FORT WORTH, July 1.—(AP)—Buying power of the Texas small grain belt was increased by nearly \$800,000 in actual cash today when that amount was paid by Fort Worth grain men through Fort Worth banks for 480 carloads of wheat.

The day's receipts were the heaviest of the new crop movement to this time but fell far short of equalling the biggest days of the past.

Grain dealers expect next Monday may set a new high record in wheat receipts here as the harvest moved into the heavy producing sections of the Panhandle and reports from shipping points in that section show a flood of grain never before seen so early in the season.

TEXAS PATRONAGE PROBE IS MOVED TO DALLAS MONDAY

CREAGER TAKES HOT SHOT AT BROOKHART IN STATEMENT GIVEN OUT THERE

DALLAS, July 1. (AP)—Appointees of the Rene B. Creager republican "machine," which one witness called "the pie counter," were criticized severely before the senate patronage investigation committee here today.

Further assaults also were made on prohibition administrators. Al Bailey, Dallas, a former prohibition agent, declaring that David Morris, one time liquor enforcement chief, had a "special arrangement" with a Dallas durgist whereby Morris bought liquor from the pharmacist.

Senator Smith W. Brookhart, committee chairman, Iowa, denounced "important developments" would necessitate the holding of another investigating session in (Continued on Page 11)

HOOVER HOPES TO COMPLETE FEDERAL FARM BOARD SOON

PRESIDENT IS PROCEEDING SLOWLY IN NAMING OF THIS IMPORTANT BOARD

WASHINGTON, July 1. —(AP)—President Hoover hopes to complete by the end of this week selection of virtually all of the men who, as members of the federal farm board, will be entrusted with the task of bringing prosperity to agriculture.

Proceeding with great deliberation in view of the importance he attaches to the board's undertakings, he has filled three of its eight places and has offered one other to a business man and two to farm leaders, one of whom, however, is expected to decline.

Cotton is to be represented by Carl Williams of Oklahoma, tobacco by James C. Stone of Kentucky, and livestock by C. E. Deane of Missouri. These three have accepted appointment.

Those who have been offered appointments are Alexander H. Legge of Chicago, who would represent general business, W. S. Moscrip of Minneapolis, chosen to speak for the dairy industry, and Charles C. Teague of California, identified with fruit growing cooperatives.

On the assumption that the place of George F. Tuttle will be filled by another representative of the fruit growers, two places on the board remain to be filled from other industries, with a spokesman for the important wheat section yet to be selected.

Fogs Hampering Refueling Two Record Attempts

LOS ANGELES, July 1.—(AP)—A red flare, exploded in a high fog over the San Fernando valley today, enabled a refueling ship to locate the lost endurable flight airplane of Leo Nomis and Maurice Morrison and transfer a load of gasoline to it. The monoplane's gasoline supply was almost exhausted.

Three Overcome By Gas Fumes In Fire At Boston

BOSTON, July 1.—(AP)—Three men were overcome by gas fumes resulting from a fire of undetermined origin in the chemical laboratory of Boston University today. The fire was discovered as hundreds of students were registering for the summer school courses which open tomorrow.

The men overcome, reported as being in serious condition, were: John L. Neal, building superintendent; Arthur S. Dagie, engineer; Thomas McDonald, janitor.

Fire Commissioner Hultman ordered an investigation in an effort to determine the nature of the gas and the cause of the fire.

The blaze was confined to the laboratory.

Probers Named For Salaries of County Officers

AUSTIN, July 1.—(AP)—Personnel of the joint legislative committee that will investigate amounts received by county officers in fees and salaries completed today with appointment by Speaker W. S. Barron of the three house members.

Representatives George C. Purcell and Jack Keller of Dallas and Carl Rountree of Lamesa were appointed from the house. The senate members are senators Walter Woodul of Houston, and Pink Parrish of Lubbock.

Truck Drivers Must Show Moving Permits

AUSTIN, July 1.—(AP)—The senate today passed the Stevenson-Metcalfe house bill requiring truck drivers to exhibit to peace officers a permit covering movements of livestock in the vehicle. The vote was 28 to 0.

Texas cattlemen sponsored the bill, designed to aid officers in halting the theft of livestock.

GOVERNMENT ENTERED NEW FISCAL YEAR WITH LARGE SURPLUS; DEBT IS REDUCED

WASHINGTON, July 1.—(AP)—The government entered its new fiscal year today with the public debt to the lowest figure since the world war and \$61,000,000 on hand to reduce it still further.

Largely because of the widespread prosperity and more specifically the profits made by individual income tax payers in the "exceedingly active and constantly rising security market," the treasury announced, total receipts in the last fiscal year were \$185,000,000 greater than expenditures, as compared with a surplus of \$37,000,000 estimated in the budget.

By applying to the public debt \$124,000,000 of the year's surplus with \$69,000,000 from the sinking fund and other debt requirements chargeable against ordinary receipts, the total debt was brought down to \$18,931,000,000 from \$17,604,000,000 a year ago. The remainder of the 1929 surplus is to be applied to the public debt in the near future.

Total receipts for the year were placed at \$4,038,000,000, about \$9,000,000 less than was collected in the fiscal year 1928, while expenditures amounted to \$3,848,000,000, an increase of \$204,000,000. Total payments totaled \$3,788,000,000, a reduction of \$54,000,000 in the year.

MISTRIAL FEARED IN NIX CASE WHEN JUROR STRICKEN

TAKING OF TESTIMONY IN CASE OF ALLEGED WIFE. POISONER OPENED

NEW BOSTON, July 1. —(AP)—A mistrial was seen as a possibility today when illness of a juror delayed opening of the trial of Ocie Nix, 22, charged with the poison murder of his wife, Vinitia, 17.

J. A. Thrapp, the stricken venireman, was able to enter the box at 10 a. m. and testimony began, but his physician expressed doubt he would be able to continue through the trial. Thrapp suffered an attack of ptomaine poisoning.

W. P. Harwell, DeKalb, agent for a life insurance company, was the first witness called by the state. He testified that a \$1,400 policy on the life of Mrs. Nix, of which her husband was beneficiary, was issued the day of her death, June 18. He said application was made June 7.

Defense attorneys successfully objected to introduction of the application as evidence on the ground it was signed by Mrs. Nix and there was nothing to prove her husband knew anything of the policy.

A defense motion to exclude an alleged statement made by Nix shortly after his arrest was overruled. On cross examination, District Attorney R. G. Waters admitted nothing was said to Nix concerning his right to confer with an attorney during the four hours he was grilled prior to making the purported statement.

Rumor Carlsbad Cavern Closed Proves Untrue

CARLSBAD, N. M., July 1.—(AP)—Superintendent Bollen of Carlsbad Cavern today said rumors emanating from Texas that the cavern had been closed, were incorrect.

Two hundred and seventy persons went through the cavern yesterday, and many tourists were at the cave today.

"Since the entrance to the cavern is 500 feet above the plains," Mrs. Bollen said, "it would be physically impossible for a lake to form above the cave."

The rumors had it that the cavern had been closed to tourists because of a lake forming above the cave.

Head Turkish Government May Visit America

WASHINGTON, July 1.—(AP)—Prospects of a visit to the United States by Ghalib Mustafa Kemal Pasha, president of Turkey, are being widely discussed in diplomatic circles in connection with the visit here of Dr. Refik Bey, Turkish minister of public health.

Dr. Refik Bey has spent more than two months in the United States under the auspices of the Rockefeller foundation, inspecting health and social service institutions.

Several years ago President Kemal made plans to visit various European capitals and it was reported he might come to the United States.

ATTENDANCE SHOWS INCREASE SUNDAY AT METHODIST S. S.

GOOD ATTENDANCE AT BOTH NEWLY ORGANIZED MEN'S BIBLE CLASSES

Although the attendance at the First Methodist Sunday school Sunday showed an increase of 100 over last Sunday, there was a slight decline as compared with the same Sunday last year. The attendance Sunday was 514, last Sunday 414, one year ago 560.

In the adult department of the Sunday school the attendance was 149, an increase of 45 over last Sunday. A. A. Allison presided in this department, Dr. F. P. Culver led the devotional, Mrs. E. E. Babers presided at the piano, and Wayne Howell made the principal address on "Patriotism." The platform was decorated by a committee with Mrs. E. E. Babers as chairman.

In the newly formed Young Men's Bible Class the attendance was 21. Beauford Jester taught this class, the class is being organized and will carry on a vigorous campaign to increase the membership to at least 50.

In the newly formed Older Men's Bible Class, the attendance was 66. Van W. Harrell taught the class in the absence of J. L. Halbert, the regular teacher. S. W. Burdine presided over this class. Mr. Burdine appointed the following committee to name officers for the class: R. A. Caldwell, W. E. Slaughter, R. J. Jackson, R. E. Mitchell and T. J. Walton. This committee brought in the following nominations which were elected unanimously: C. T. Banister, president; S. W. Burdine, vice president; Geo. W. Boyd, secretary; treasurer; J. L. Halbert, teacher. The committee also chose as the name of the class The Men's Bible Class. In the near future an assistant teacher and assistant secretary and treasurer will be named. Mr. Banister will name his various committees at once and an effort will be made to increase the attendance to 100. Already 91 have enrolled in this class. After the election of officers several members of the class arose and pledged Mr. Banister their support in building up the class.

At the morning church hour Dr. Culver preached from the subject, "The Need of Power," the choir sang an anthem, "Recessional," by Reginald DeKoven; three joined the church by letter, and Dr. Culver stated that Sunday night, July 7, he would start a series of five sermons on "The Home," one sermon each Sunday night, including August 4.

At the night hour Dr. Culver preached and the choir sang an anthem, "Why Standest Thou Afar Off," by Ashford.

The regular monthly meeting of the Workers' Council will be held in the Educational Building Monday night at 8 o'clock. Professor H. D. Fillers will be the principal speaker. Prayer services will be held Wednesday night and regular choir rehearsal Thursday night. It was announced that Miss Katherine

Bathing Revue to Climax Fourth July Celebration Teague

TEAGUE, July 1.—(SP)—The climax of the big American Legion fourth of July celebration will be a bathing girls' revue. An entry from practically every community in the county has been received, including Miss Streetman, Miss Oakwood, Miss Fairfield, Miss Teague, Miss Mexia, Miss Jewett, Miss Cross Roads, and others.

An interesting feature of the bathing revue is that the identity of the person representing each town is to be kept secret until the night of the revue.

DAN PARKER HEADS NEWLY ORGANIZED JERSEY ASSOCIATION

MEXIA, July 1.—(SP)—Dan Parker was elected president of the Bl-stone Jersey Club when the two county organization was formed at a mass meeting of dairy cattle owners at the city auditorium here. The meeting was called by the temporary organization formed several weeks ago. Other officials include: R. Q. Seely, Wortham, vice president; L. J. Davis, Fairfield, secretary; and John H. Sweat, treasurer. These officers and Jess McElroy, Coolidge, will form the board of directors. Annual dues in the club will be \$2.50 plus 10 cents per head of registered jerseys.

The board of directors will meet Tuesday night, July 2, at the Farmers State Bank, Mexia, to arrange the club is to foster improvement of registered Jerseys in Limestone and Freestone counties. A cow testing association is also planned.

J. B. Lewis, county agent, told the Jersey owners that tests made show that sweet clover grows well in every kind of soil in Limestone county and advised dairymen to plant more clover.

ine Gage will in the future be a teacher in the high school department; Mrs. A. W. Rogers, superintendent, and that Mrs. Jester's Sunday school class served the banquet Friday night.

At the morning church hour the offertory number was played by Mrs. Ernest Anderson of Tucson, Arizona.

SUNDAY GOOD DAY AT FIRST BAPTIST; ATTENDANCE LARGE

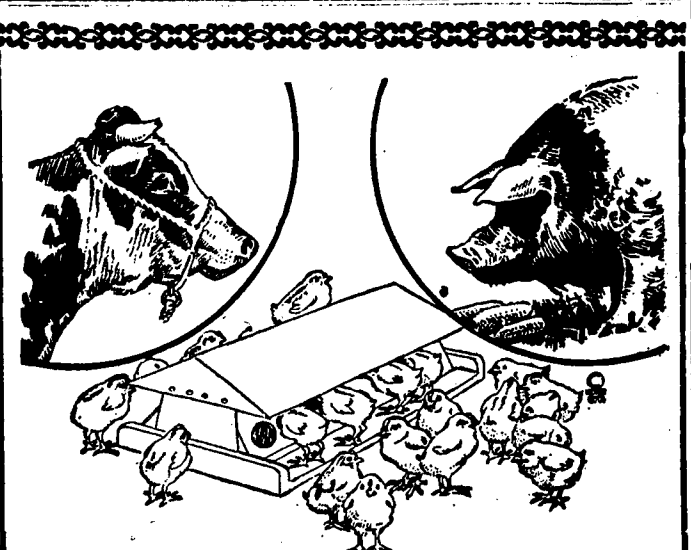

Sunday was a good day at the First Baptist church with good crowds in attendance. The pastor, Rev. J. Howard Williams, spoke at each service and there was one addition to the church membership. There were 584 in attendance at the Sunday school and 112 were present at the B. Y. P. U. hour.

Special music included numbers by the chorus choir and a solo by M. A. Spurgeon at the evening hour.

It was announced that T. C. Gardner, state B. Y. P. U. secretary, would speak in the church auditorium Friday afternoon and night. The B. Y. P. U. workers of Navarro county are expected to attend in large numbers.

PIONEER BUSINESS FIRM MOVES INTO MODERN NEW HOME

**T. M. COBB IN BUSINESS HERE
HALF CENTURY, MOVED
EARLY MONDAY**

The business of T. M. Cobb, formerly Kiber & Cobb, under which name it was conducted for nearly half a century, and which has been conducted continuously since 1881, was moved early Monday from the building at the corner of Collin and Main streets to the recently remodeled Levine building on West Collin street, next to the alley and just to the rear of the Corsicans National bank. The firm does a general cold drink, confectionery and cigar business, specializing in fine candies which are made in their own factory. The new location is modern in every respect and is one of the most attractive confectionery stores in this section of the state. The building has been remodeled throughout and especially fitted for this business. Y. J. Cobb, son of T. M. Cobb, one of the founders of the business, who is manager of the store, having closed a lease on the building, it was remodeled and the building having been planned especially for his business. Terrazzo marble floors, tinted plastered walls and modern plumbing and certain fixtures are special features.

A ladies' rest room and a gentlemen's wash room have been installed and Mr. Cobb states that the ladies of Corsicans who are downtown shopping are invited to make use of this feature of their establishment, whether they wish to make purchases in their store or not. In the rear of the cigar and candy counters and the fountain will be tables and chairs where drinks and ice cream will be served to those who desire to be seated while being served, especially the ladies and children.

For many years the firm of Kiber & Cobb was known over the entire United States as the largest seller of coca cola in the nation, from a retail store. This reputation has remained with them to this day people walk many blocks to partake of their drinks. Some home-made or store-made candies of this firm, famous also for half a century, is another feature that brings people from far and wide to this confectionery. During the long life of this firm this is the fourth move made and the most modern and handsome building is now being occupied in the history of the business. A formal opening will be held at a later date, due announcement of which will be made soon.

TWO ENDURANCE FLIGHTS STILL IN PROGRESS MONDAY

CLEVELAND, July 1.—(AP)—Weariness and the buffeting of choppy winds had made their test today of the endurance pilots, Byron K. Newcomb and Roy Mitchell, as they neared the end of the third day in the air in an attempt to break the world's record of 172 1-2 hours for refueled flights.

Newcomb and Mitchell took to the air at 6:38.57 p. m. Friday. They must remain aloft until Saturday to break the record established recently at Fort Worth.

Ten Day Objective.
LOS ANGELES, July 1.—(AP)—Another assault upon the refueling endurance flight record of 172 hours, 32 minutes, 1 second, was under way here today. Leo Nomis and Maurice Morrison, who hope to remain in the air ten days, took off from Metropolitan Airport at 7 a. m. yesterday.

As Nomis and Morrison circled above Metropolitan Airport, two other fliers, L. W. Mandell and R. B. Reinhardt, were making ready for a takeoff at Culver City in the hope of breaking the existing endurance refueling record, established by the monoplane Fort Worth.

To Try to Beat Hawks.
LOS ANGELES, Cal., July 1.—(AP)—In the wake of Captain Frank Hawks' two record-breaking transcontinental flights of last week came the announcement here today that Lieut. Herbert Fahy would attempt to fly from here to New York and return in 34 hours.

The announcement said Fahy, who holds the unofficial record for solo non-refueling endurance flight, would use a plane capable of making 200 miles an hour. The flight is expected to start next Thursday.

Special Gas Tanks For Family Use

TEAGUE, July 1.—(SP)—The Community Natural Gas company has instituted a method by which those not connected with the gas mains may still have gas. Steel cabinets have been provided for keeping the tanks under lock. They hold two tanks so that one case be in use while the other is being replaced by a new full tank. Each tank is of sufficient capacity to furnish the average family for two months.

Catholic Daughters Meet in Galveston

GALVESTON, July 1.—(AP)—The last of delegates to the thirteenth biennial convention of the Catholic Daughters of America were arriving here today for the meeting which will open with a banquet tonight.

Business sessions will get under way tomorrow. They will be preceded by a pontifical high mass at St. Mary's Cathedral with Bishop Byrne as celebrant.

COURT OF CIVIL APPEALS REVERSED DAMAGE VERDICT

**INTERURBAN MOTOR MAN
HAD BEEN GRANTED \$5,000
FOR LOSS OF EYE**

DALLAS, July 1.—The Court of the Fifth Civil Appeals here Saturday reversed and rendered the case of W. E. Scott, Jr. vs. Texas Electric Railway, which was an outgrowth of a suit for damages for the loss of an eye about two years ago while Scott was riding a Dallas-Corsicana Interurban.

In the Dallas district court, Scott was given \$5,000 damages on the trial of the case but the case was appealed. The court held that the motorman was not obliged to anticipate the movements of buzzards.

Two years ago while Scott was en route to Corsicana on an interurban from Dallas, a buzzard was sitting on the rails of the company and flew up just in front of the cowcatcher of the speeding car. The buzzard crashed through the glass at the front of the car and glass flying in every direction. A silver of glass entered the eye of Scott. He was rushed to a Cor-sicana hospital and finally lost the sight of the eye.

Post Oak Memorial Service July 5th

FAIRFIELD, July 1.—(SP)—The annual memorial services at Post Oak community will be Friday, July 5, according to A. Stroud. The annual services at Dew will be July 19, with W. A. White chairman.

The annual Bonner family picnic, always an occasion for a large gathering, will be held July 4 at the W. A. Bonner home place, two miles north of Steward's Mill.

MEXIA WOMAN LOSES HER FATHER
MEXIA, July 1.—(SP)—Mrs. J. E. Gore, wife of a Baptist pastor here, has received word of the death Thursday of her father, G. B. Pepper, 74, at Lanties, Miss., where he was a prominent planter.

LINDY INSPECTS KANSAS CITY FIELD ON TRIP WESTWARD

KANSAS CITY, July 1.—(AP)—Inspection of the local airport and a flight to Wichita, Kas., was planned today by Col. Charles A. Lindbergh. The colonel accompanied by his bride, arrived here late yesterday from St. Louis.

Takes Flight in Glider.
ST. LOUIS, Mo., July 1.—(AP)—Col. Charles A. Lindbergh had his first flight in a glider here yesterday when he soared in one of the Lambert-St. Louis field with more than 10,000 persons as spectators.

Lindbergh, paying his first visit to his legal home since his marriage to Miss Annie Morrow, spent most of Sunday at the airport and when offered the opportunity by Harry Kuchins, owner of the glider, readily accepted. The automobile of Major William B. Robertson, one of Lindbergh's backers in the New York to Paris flight two years ago, furnished the starting power as the field is level.

He said he was well pleased with the glider flight.

Partial List of Teachers at Donje

DONJE, July 1.—(SP)—T. O. Fall and Clifford Thompson have been appointed trustees of the Donje school district succeeding W. B. Savage and Charlie Martin, resigned. A partial list of teachers elected by the board includes: Mr. and Mrs. F. J. Steward of San Angelo; Miss Lillian Lancaster of Dew; Miss Virda Briggs, Freestone; and Bert Garland of Buffalo. Others will be announced later.

most of Sunday at the airport and when offered the opportunity by Harry Kuchins, owner of the glider, readily accepted. The automobile of Major William B. Robertson, one of Lindbergh's backers in the New York to Paris flight two years ago, furnished the starting power as the field is level.

He said he was well pleased with the glider flight.

TWO WELL KNOWN NEW YORK GUNMEN TO BE QUESTIONED

NEW YORK, July 1.—(AP)—Two gunmen with long criminal records were subjected to rigid questioning today in connection with the slaying a week ago of Frank Marlow, night club owner.

The men, together with an 18-year-old youth, were captured in a raid on an apartment building in Long Island City, ten minutes drive from the cemetery in Flushing where Marlow was found dying with three bullet wounds in his head and neck.

In the apartment detectives found two pistols, a quantity of ammunition and some tear gas

Old-Time Pentecostal Revival At Navarro

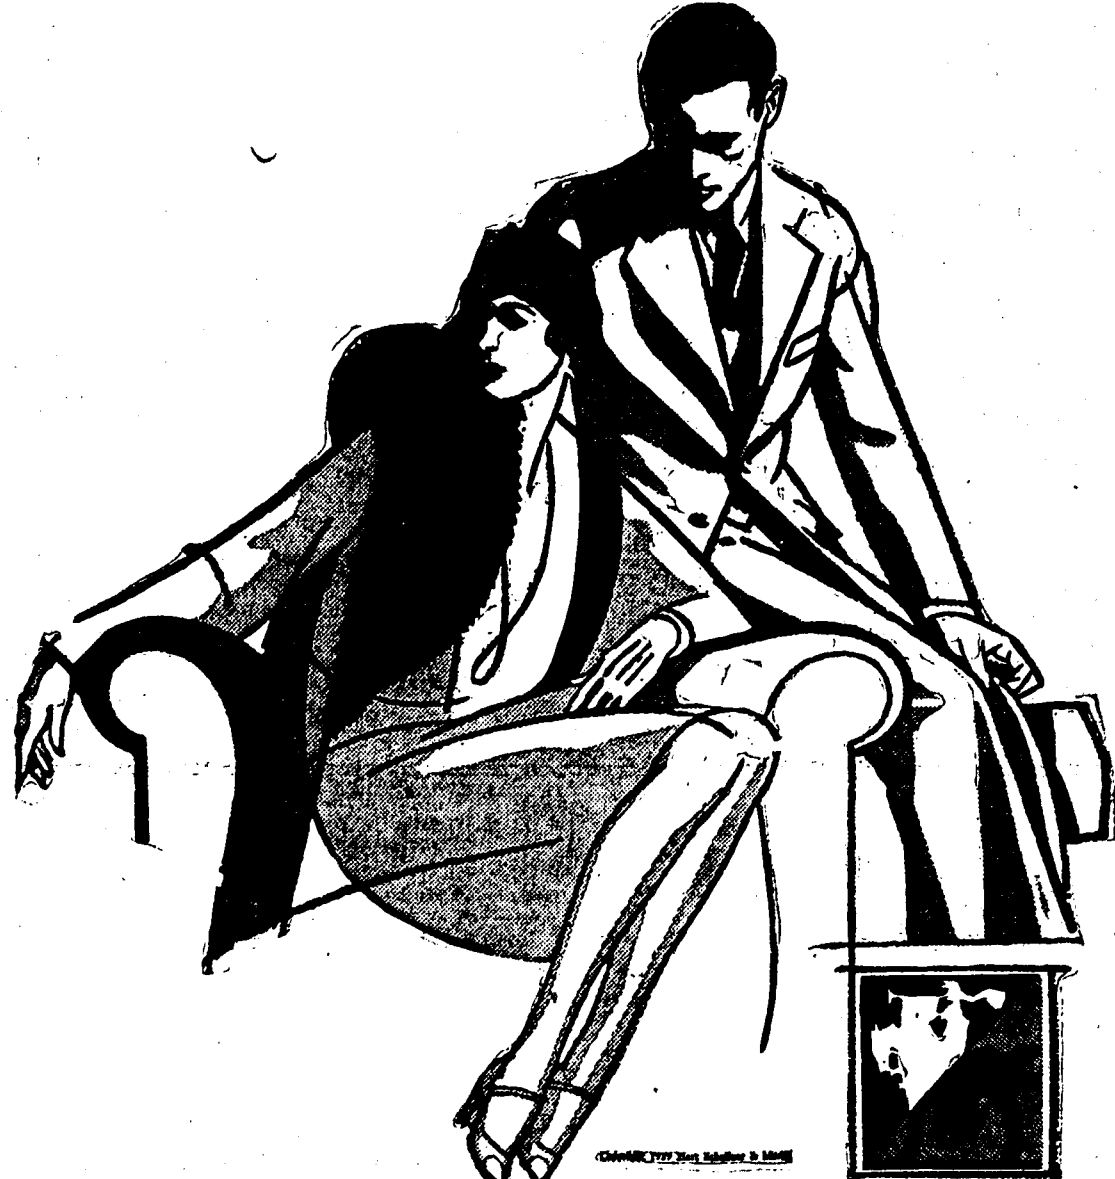

There will be an old-time Pentecostal revival at Navarro, beginning July 6th, and everybody is invited to attend all services. The revival will be conducted by S. A. Thorp of East Texas.—Committee.

bombs. At one of the windows a pair of binoculars was mounted on a swivel bracket. These, one of the prisoners explained, were used to watch for enemies.

The prisoners, who are held as material witnesses, are Daniel Grosso, alias David Grosso, and Nicholas McDermott, alias John Sterling. Their arrest brought the number held as witnesses in the Marlow case to eight.

JACK ASHCRAFT, PILOT, KILLED AS PLANE HITS TREE

MISS VIOLA GENTRY, FLIGHT COMPANION, CRITICALLY INJURED IN CRASH

WESTBURY, N. Y., June 28. (AP)—Jack Ashcraft, a professional pilot, was killed, and Miss Viola Gentry, known as "the flying cashier," critically injured today as their biplane, in which they were attempting to create an endurance record, crashed into a tree.

Ashcraft's neck was broken. Miss Gentry, suffering from internal injuries, broken arms and lacerations, was taken to a hospital in Mineola. She soon regained consciousness and asked about Ashcraft, but was not told of his death.

Their plane took off from Roosevelt Field at 8:49 p. m. yesterday, with 116 gallons of gasoline. It believed they would run short, and the plane crashed into the tree near a nursery.

Henry Hicks, proprietor of the nursery, heard the crash. He said there was a fire from the motor. The gasoline tanks and carburetor were later found to be dry.

Landed on nose. The plane landed on its nose, the motor buried in the ground. Ashcraft's body was wedged between the motor and the ground. Miss Gentry was found on top of the gas tank, with one foot tangled in the wreckage. She was bleeding profusely and was hysterical. She lapsed into unconsciousness on her way to the hospital.

Ashcraft was 33 years old and had been a flier for a number of years and was considered an expert pilot.

Miss Gentry was formerly a cashier in a restaurant. She attracted attention early in 1928 by piloting a plane under the Brooklyn and Manhattan bridges over the East river in New York.

In 1928 she set an endurance solo record for women fliers by staying in the air over Roosevelt Field for 6 hours and 37 seconds. The answer was lost seen over Roosevelt Field about 3:15 p. m. A mechanic on his way to work later found a note which had been dropped from the plane, saying the gasoline was running low but there was enough in the tanks to last two hours. The note described a fog bank as about 30 feet thick.

A clock in the plane, broken in the crash, had stopped at 6:13 o'clock.

Woman Needs Blood

A message was sent from the hospital to Roosevelt flying field that the woman pilot needed blood. Who would volunteer? And one of the flying and ground staffs stepped forward, whose names are often in the papers, office executives and clerks, grimy "grease balls" who man the engines, not to mention the field, begged for the chance to help Miss Gentry.

Doctors said that as soon as preliminary blood tests were made a donor would be selected and the transfusion operation performed.

WABASH RAILROAD FILES APPLICATION FOR GREAT MERGER

(Continued from Page 1)

The Montour Railroad company, the Monongahela Connecting Railroad company, Union Railroad company of Pittsburgh, and the Newburgh and South Shore Railway company, together with the one-seventh interest in the Toledo Terminal Railroad company.

Claim Need Apparent

"The Wabash is the only carrier whose rails extend from Kansas City, Omaha and Des Moines into the heart of the eastern territory," the application said.

"There is need of direct passenger service between the Atlantic seaboard and the territory west of the Mississippi river, avoiding unnecessary inconvenience to the traveling public in being required to change trains at junction points."

A sixth trunk line was suggested. "It is practicable," the application said, "to create a sixth system within the eastern group consisting primarily of the Delaware, Lackawanna and Western, the New York, Chicago and St. Louis, and certain other carriers, including the Detroit, Toledo and Iron-ton and the Virginian."

STATE HOME BOY DIED FOLLOWING SHORT ILLNESS

Ernest (Jack) King, age 17 years, student of the State Home died at 1:45 Sunday night. Funeral services will be held Tuesday morning at the State Home and burial will be in King cemetery at Thornton. Rev. J. Howard Williams, pastor of the First Baptist church, will conduct the services.

Ernest was sick only a short while, J. S. Halley, superintendent of the home said.

Surviving are his father, E. A. King, Corsicana; five brothers, two of whom are students in the home, three sisters, two of whom are also students in the home. One brother is a resident of Corsicana and two live in Houston. The baby sister lives with Dr. and Mrs. W. D. Fountain.

Sutherland Funeral Home will have charge of the funeral.

CARD OF THANKS.

We wish to take this method of expressing our heartfelt thanks to all who aided us during the illness of our son, Ernest, and to his mother, Mrs. Lola Thompson.

We wish to thank J. E. Metcalf and members of the carpenters' union especially for their kindness, and others for the beautiful flowers, and children.

AGRICULTURAL LEADERS ARE SPECULATING ON MID-WEST'S FARM BOARD REPRESENTATIVES

By RAYMOND Z. HENLE Associated Press Staff Writer WASHINGTON, June 29.—President Hoover has offered positions on the federal farm board to W. S. Moscrop of Lake Elmo, Minn., and C. C. Teague, of Los Angeles. Moscrop and Teague are considering the offers and no definite arrangement has yet been made.

Moscrop is secretary-treasurer of the Twin City Milk Producers' association, a large dairying co-operative association, with headquarters in St. Paul.

Teague is connected with a California fruit growers' co-operative association.

WASHINGTON, June 29.—(AP)—The designation by President Hoover of three of the eight men he will name for membership on the federal farm board left agricultural leaders speculating today on the question who will be appointed from the great Middle Western farming region to represent principally the great interests.

Announcement of the member, or members, to represent this commodity has been awaited with the

keenest interest, mainly because wheat is regarded as a commodity in greatest need of immediate application of the stabilization contemplated by the act under which the board will function.

The first three members announced come from the "border states," agriculturally speaking, of Oklahoma, Kentucky and Missouri. One of them, James C. Stone of Lexington, represents the tobacco growing industry; another, C. B. Donnell of Lexington, Missouri, is identified with livestock, and the third, Carl Williams of Oklahoma City, has for years been identified with the American Cotton Growers' Exchange.

Williams, however, also has had a variety of experience with wheat associations and cooperative marketing organizations, and some

feared that his appointment was not intended so much to give cotton a representative on the board as to put on a man of general interest. If this view is correct, an out-and-out cotton man still is to be named, and there have been reports the president has in mind a Georgian for this purpose.

PERSONAL MENTION

Mr. and Mrs. J. Russell Smith and small son, J. Russell, Jr., returned Saturday from an enjoyable two weeks' vacation tour of Colorado and New Mexico.

Mr. and Mrs. Joe Davidson, accompanied by Mrs. D. Holmes and son, Allen Joe, all of Henrietta, Oklahoma, arrived in Corsicana Saturday afternoon to spend several days with Mr. and Mrs. H. W. Darling and family.

Jack Carson, district superintendent of the Praterian Life Insurance company, with headquarters in Chicago, is in Corsicana business visitor Monday morning.

Will Jeffers left Monday morning for Wichita Falls where he will spend several days visiting relatives and friends.

Mr. and Mrs. W. E. Pugh will leave late Monday afternoon for Amarillo where they will join their son, Chester Pugh and wife, on a tour of the state.

Campbell Pugh, letterman for the past two years in Trinity university, Waxahachie, has gone to Shreveport, La., where his is one of the cashiers of the Citizens Savings company. He will not return to Waxahachie to continue his studies in the university.

C. V. McCord of Frost was in Corsicana Monday morning.

Joe Kott, Hubert banker, was a business visitor in Corsicana Monday morning.

Mrs. Fred Upchurch left Corsicana Sunday night for Winston-Salem, N. C., where she will visit friends and relatives.

Mr. and Mrs. A. A. Travis, accompanied by Mr. and Mrs. A. P. Fletcher and son, Leon, returned Sunday afternoon from a delightful week's visit in Herington with their son and daughter-in-law, Mr. and Mrs. Elvie Travis. Mr. Travis was a former member of the mechanical department of the Daily Sun, and is now connected with the Herington Star.

Tom Warren of Bazette was a Corsicana visitor Monday morning.

E. P. Watkins of Eureka was in Corsicana Monday morning attending to business.

Mr. and Mrs. W. G. Owen of the Providence community were in the city Monday morning.

B. T. Farrar, who is agent for the Texas Electric railway, has been transferred to the claim department in Dallas. He will be succeeded by K. A. Kunkle, former commercial agent. Mr. and Mrs. Farrar and family left for Dallas today.

N. Morrison left Corsicana on Monday for a short business trip the week in Dallas, the guest of Mrs. L. R. McAfee is spending Mrs. G. C. Jennings.

P. Mayer is in Dallas today on business.

Miss Martha McBryde, who has been visiting friends and relatives in Sapulpa, Okla., for the last two weeks, has returned to her home in Corsicana.

Mrs. C. B. Gaddy, manager of the local Western Union, went to Dallas Monday afternoon.

Will Goldman, and son, Raymond J. Goldman motored to Waggoner, Okla., Sunday on business, and will return to Corsicana the latter part of this week.

G. C. Gamble, of Emhouse, was in the city Monday afternoon.

Carol Pickering, of Tupelo, was in Corsicana Monday on business. H. H. Mimms, of the Oak Valley community was a visitor in town Monday.

W. W. Crane went to Dallas Monday on business.

Lee Frazier, who lives in the Roane community, was a business visitor in the city Monday.

A. L. Gamble, of Emhouse, visited in Corsicana Monday afternoon, attending to business.

T. B. Darden of Blooming Grove was in Corsicana Monday on business.

E. B. Grimes, who lives in the Emhouse community, was a business visitor in the city Monday afternoon.

Mr. and Mrs. T. B. Henderson, accompanied by Mrs. R. W. Shelton, of Navarro, arrived in Corsicana a short time Monday morning prior to their departure on a three weeks' vacation tour through the western portion of the United States.

Mrs. R. L. Rushing of Navarro was in Corsicana visitor Monday morning.

G. G. Owens of Emhouse spent Monday in the city attending to business.

Tom Tharp of Black Hills was here on business Monday.

T. H. Joiner of Oil Ridge was a business visitor in the city Monday. Carroll Pickering of Tupelo was here Monday.

Jess Young of Zion's Rest spent Monday in the city attending to business.

S. M. Starks of Pleasant Grove was a Corsicana visitor Monday afternoon.

T. D. Denbow of Roane was here Monday afternoon on business.

Russell Reed spent Monday afternoon in the city.

W. I. Tucker of Petty's Chapel was a Corsicana visitor Monday.

J. S. Parker of Zion's Rest was here Monday.

Mr. and Mrs. Henry Slate are spending a week's vacation in Wylie visiting friends and relatives.

Jack Caffey of Angus visited in the city Monday.

A. C. Kevall of Providence was in the city Monday afternoon.

BUILDING SHOWS STEADY INCREASE FOR YEAR 1929

NUMEROUS PROJECTS COSTING MUCH MONEY NOW UNDER CONSTRUCTION

The predictions made that the year 1929 would be one of the best years in the history of Corsicana, a building standpoint is gradually proving true. The numerous projects already under way, those completed and those which are expected to be inaugurated at an early day make up an imposing total. Building trades workers have been kept busy all during the year and prospects are favorable for fairly regular employment during the entire year.

Among the construction projects nearing completion are the Corsicana postoffice, which has been enlarged by the addition of a 50x100 foot building, and the entire structure is being remodeled. Just across the street is the Davis building to be occupied by the retail store of Montgomery Ward & company. This handsome building, which is being remodeled and will be ready for occupancy by the first of August. It is one of the handsomest and most substantial store buildings in Corsicana and is a distinct addition to the business district of Corsicana.

Big Seed House.

The large seed house for the Southland Cotton Oil company, with other improvements to that big manufacturing plant, is well under way. The seed house will occupy a large lot across the street from the mill proper, to the east, and will be connected with the mill by overhead conveyors. The old seed house is being remodeled and will be used as a hull house.

The office building for the Lyon-Gray Lumber company, which was destroyed by fire some time ago, is nearing completion and will be much larger and more complete than the old office. The new building is a two-story affair and will afford ample room for the office force of the company and for other needs. The structure occupies the same lot as the old office, and abuts on the sidewalk on East Seventh avenue.

The new parish house for St. John's Episcopal parish is rapidly nearing completion, the brick work having been completed, and workmen are putting the finishing touches on the concrete floor bases and other work. This will be one of the most complete small religious education buildings in the city. The building is being practically completed and the interior of the church building and is joined to this building by an ornamental archway. The first floor will have twelve classrooms and other rooms, while the second floor will have cloak rooms, a kitchen and the auditorium.

State Home Buildings.

Two new buildings at the State Home, the large dining hall and kitchen, and the high school building are nearing completion. In fact the dining hall is completed and almost ready for occupancy. The high school building will be ready for occupancy at the resumption of school in September. The two buildings and the remodeling of the old dining room into a dormitory cost \$150,000.

Remodeling of the M. L. Levine building on West Collin street occupied for so many years by the Maltese theatre, is practically complete and the T. M. Cobb confectionery is to move into the building Sunday night, according to announcement of Young J. Cobb, manager of the confectionery.

The building has been practically rebuilt with new front and rear walls and a plate glass front in the store building. A new concrete floor has also been put in and the walls newly plastered.

New School Annex.

The new educational or Sunday school annex to the Third Avenue Presbyterian church is to be erected at once, contract having been let for the structure to Haslam Brothers, Inc. The plans and contract also call for remodeling the roof of the church building, and the new Sunday school building will be joined to the church building on the west and will be two stories in height. This building will be erected and will conform to the church in material and architecture.

Foundation is being placed for the new home of Francis B. McKie in Mills Place. This will be one of the handsomest of the modern homes in Corsicana when completed. Contract for this new home was let a few days ago to Jno. R. Carson and work on excavations for the foundation was started at once.

A duplex house is being erected by Miss Lizzie Byrd at the corner of Eighteenth street and Summit avenue, and is now nearing completion. This will add materially to the reputation of the city and will be modern in all respects. A number of other smaller homes and residences are also under construction in various parts of the city.

The Navarro Cotton Oil company is now engaged in making improvements and repairs on the seed house and other parts of the big plant at the corner of Fifth avenue and Seventh street in preparation for the heavy fall business anticipated this year.

Delegate to Make Report on Meeting

Rev. P. Martin Baker, pastor of the Third Avenue Presbyterian church, a delegate to the recent International convention of Lions clubs at Louisville, Ky., is scheduled to make a report of the convention at the regular luncheon-meeting of the Corsicana Lions club Tuesday noon at the Navarro Hotel.

This will be the first meeting of the club under the new officers duly installed at the meeting of the club at the Country club last Tuesday evening at the "Yo Yo Whoopee."

C. W. Taylor is the new president of the club and will preside Tuesday.

Cream Supper

There will be an ice cream supper at Post Oak Church, Friday night, July 6th, benefit of the cemetery. Everybody invited.

Rigid Enforcement New Immigration Law Cuts Mexican Influx

WASHINGTON, July 1.—(AP)—A more rigid application of immigration regulations was said today by Representative Box of Texas to have cut the number of entrants from Mexico within the last few months to half the number for the same months of last year.

This, he added, coupled with the enforcement of the new deportation law, had given rise to the belief among many of the residents of Southwestern states that his bill to apply the quota restrictions to Mexico had been passed.

Timothy D. Donnelly, ranking Democrat on the house immigration committee, said he intended to re-introduce his bill to enforce the quota provisions upon Mexico.

KERENS

KERENS, June 28.—(Sp.)—Carmel Donnelly spent Sunday in Corsicana with his sister, Mrs. H. L. Gallagher.

Miss Vern Johnston of Corsicana spent the week-end in Kerens with Mr. and Mrs. Johnnie Carlidge and Miss Letha Immon.

Miss Albert Levy and little nephew, Leon Levy, of Corsicana, spent Friday in Kerens with the former's mother, Mrs. A. E. Ethredge.

Roy Scarborough and Miss Maude Ethredge spent Sunday in Kerens. Mr. and Mrs. D. L. Orr spent Sunday afternoon in Corsicana.

Mr. and Mrs. Johnnie Carlidge and Misses Vern Johnston and Bonnie LeRoy returned to Corsicana Sunday afternoon.

Mr. and Mrs. Wm. Fuller spent Sunday afternoon in Athens.

Mr. and Mrs. Mid Taylor of Corsicana spent Sunday with the latter's parents, Mr. and Mrs. T. M. Shelton.

C. W. McElaney and daughters, Katherine, Elizabeth and Elaine spent Sunday in Tyler.

Mr. and Mrs. J. W. Jewell Ethredge spent Sunday in Tyler. Mrs. J. T. Mills and daughter, Wilmer, were in Corsicana Monday afternoon.

Raymond Ford and Ernest Penney were in Corsicana Sunday afternoon.

Mrs. W. B. Brewster and daughter of Harlingen, and Mrs. Troy Penney of San Benito, are visiting relatives and friends in Kerens this week.

Mr. and Mrs. Johnnie McFadden and Mr. and Mrs. W. T. Johnston spent Sunday afternoon in Corsicana with Mr. and Mrs. R. F. Johnston.

Mr. and Mrs. Chas. Harvey visited Mr. and Mrs. T. S. Mitchell in Chaffield Sunday.

Mr. and Mrs. Chas. Tripp of Dallas and W. B. Tripp of Waxahachie visited Mr. and Mrs. T. S. Daniel Jr. Sunday afternoon.

Medames Palmer Blanding and One Ivey spent Sunday in Kerens with Mr. and Mrs. E. Ivey.

Miss Margaret Ivey returned Saturday from a two weeks visit with her aunts, Mrs. Roy Martin and Mrs. C. Archer in Corsicana.

Mr. and Mrs. E. C. Heath spent the week-end in Itasca with Mr. and Mrs. Mark Bailey.

Miss Hortense Sims is visiting Mr. and Mrs. J. Hendricks in Austin this week.

Mr. and Mrs. W. A. Smith and Ash McCung Jr. left Sunday for Gonzales where they will visit the former's parents, Mr. and Mrs. R. H. McCung.

Miss Florence Fielder of Alice is visiting Mr. and Mrs. W. R. Albritton this week.

Ellis and Stockton Head spent Sunday in Dallas with Mr. and Mrs. Harold Estes and Miss Dorothy Holt were in Corsicana Sunday afternoon.

Bobble Boblek and Mrs. Josie Mathews spent Sunday afternoon in Corsicana.

Mr. and Mrs. Robert Lowe and children, and Mr. and Mrs. Mack Bell of Corsicana spent Sunday in Chandler with relatives.

Mr. and Mrs. Jimmie Simmons spent Sunday in Chandler.

Mr. and Mrs. L. M. Henderson of Rural Shade were in Kerens Tuesday.

Mr. and Mrs. Melvin Penney and son, Franklin, spent Sunday

BERACHAH HOME BADLY IN NEED OF FUNDS AT PRESENT

The following appeal for funds has been handed into the Sun by a representative of the Berachah home at Arlington, Texas, with the request that it be placed before the public through these columns:

With an overload in the Berachah home, due to shortage of funds, they still receive pitiful appeals to admit girls.

There are twelve applicants pleading for admission and they are short \$1,500 on expenses on the load they are carrying at present. It is foolhardy to admit others unless they can care for those already in the home, which they are endeavoring to do at a tremendous disadvantage.

The following open letter is being circulated in an effort to raise funds:

After visiting the Berachah home at Arlington, Texas, some weeks ago and learning of the pitiful appeals begging for girls to be taken into the home, who could not be received because the home was already carrying a larger load than its finances provided for, the thing goes on my heart one night, and I was awakened from a sound slumber and a plan was given me by which I believe the home can be wonderfully assisted.

As I have been meditating, I said to myself: "Anybody can give a dollar to that home. Even a tramp could get a dollar and a half for a day's work, give that dollar to the home and have half a dollar left." If we can get fifty thousands people to give one dollar each, it will help wonderfully. If you will give your dollar and get some of your friends to do likewise, it can be put over easily and not hurt anybody, but be a blessing to everybody. One or more dollars sent to Miss Hattie V. Saylor, secretary of home, box 38, Arlington, Texas, will be applied on opening up the home to other girls than are now being cared for. Let us all join hands and give this worthy home a lift.

A. P. HUNT, Coolee, Texas.

AGED WOMAN DIED SATURDAY NIGHT; BURIAL SUNDAY

Mrs. N. E. Rains, 71, died at 514 North Commerce street Saturday night at 9:30 o'clock and the funeral was held from the residence Sunday afternoon at 2 o'clock with burial in Oakwood cemetery.

Surviving are one adopted child, one sister, Mrs. Thompson, and other relatives.

The funeral was directed by the Corley-McMahon Funeral home.

TWENTY-THREE TEXANS GET SPECIAL LIFE SAVING AND FIRST AID RED CROSS HONOR

ST. LOUIS, July 1.—(U.P.)—For outstanding bravery, long hours of work, or for both, 101 persons living in fifteen states have been designated to receive special first aid and life-saving medals of the American Red Cross. It was announced today at the Red Cross midwestern headquarters here.

Twenty-three persons received awards in Texas. They were:

J. S. Law, Cisco, five year service medal; Nick Simon, Dallas, two year service medal (duplicate); Hannah Moore Frazer, Dallas, five year service medal; E. L. Ivey, Dallas, certificate of appreciation; William J. Gallipeau, El Paso, service bar; J. L. Howell, Fort Worth, two year rescue service medal and rescue bar; Thomas R. High, Fort Worth, service bar; John Devries, Galveston, two year service medal (duplicate); rescue bar (duplicate); and service bar; C. E. Stubbs, Galveston, service bar; George Stjepovich, Galveston, service bar; Charles Bertolini, Galveston, two year service medal, and bar (duplicate); and additional service bar; Scott Scroggins, Galveston, two year service medal; Leon Weber, Galveston, two year service medal; Arthur N. Springall, Kerrville, special bar; Kennedy N. Clapp, Lubbock, certificate of appreciation; C. B. McCollum, San Antonio, service bar; S. M. Sewell, San Marcos, service bar; Paul B. Baker, Temple, five year service medal; George L. Harris, Waco, two year service medal (duplicate); Bert W. Harrison, Waco, two year service medal; Clifton B. Debellevue, Waco, two year service medal and two service bars (duplicate); and additional service bar; John A. Schmidt, Waco, service bar.

UNITED STATES TO INSIST ON PARITY IN NAVAL TALKS

WASHINGTON, July 1.—(U.P.)—Secretary Stimson indicated today the United States would insist upon the doctrine of parity in naval discussions.

"The doctrine of parity in my opinion is of great importance," the secretary said, "as a means of determining not how two nations are to shoot each other, but as a means of helping them to agree not to shoot at each other. The first step which people take when they are going to shoot at each other is to try to outbuild each other in the shape of navies. The minute they agree not to outbuild each other, they are taking one of the longest steps possible towards not having a war. That is why we are laying stress on the doctrine of parity."

The secretary's statement was made in connection with suggestions from London that the naval arms limitation question should be approached more on the basis of the United States and Great Britain not going to war than one of equal strength.

TUBERCULARS HEAD FOR SOUTHWEST AND BECOME BURDENS

10,000 WANDERERS FROM OTHER STATES INFEST FOUR SOUTHWEST STATES

SAN FRANCISCO, July 1.—(U.P.)—Jesse S. Whitney of New York, statistician of the National Tuberculosis association, estimated in an address before the national conference on social work here today there were 10,000 wanderers, afflicted with the white plague being cared for by relief agencies in Texas, Colorado, Arizona, and California last year.

Miss Whitney declared that since most of these ailing wanderers preferred the smaller towns, the burden of finances of the various communities was a heavy one.

Illinois, New York, Missouri, Ohio, Pennsylvania and Michigan were said by Miss Whitney to be the chief sources of these migrants. She declared the tide of migration was steadily increasing in the southwest.

Miss Whitney said there had been a slight sprinkling of tuberculosis migrants through Galveston, Dallas, Houston, Fort Worth and Amarillo but not enough to create a social or financial problem. In El Paso, she said, 38 per cent of the clinic cases were tuberculosis migrants; in San Antonio, 18 per cent. The tuberculosis death rate in Texas is low, she said.

WALTON'S

Home Building

CHARLES HAGINS, President

Clopton Hagins Planing Mill

"Own Your Own Home" is a slogan that has come into general use with an appeal to every person who has the home ideal in mind. But in this as in other dreams there are many slips between the cup and the lip and pitfalls abound for the unwary in quest of homes.

First and foremost of all is the problem of what it should cost and how far one can go in building and furnishing.

It always has to be adjusted to the pocket book. Here is where the faint-hearted quit and say no more about their ambitions to own a home. So great is their despair upon learning of modern home costs.

Necessities and luxuries are apt to become mixed and we often confuse the former with the latter. When we have reduced our dream house to its essentials, four, five or six rooms and bath, we are ready to consider plans. And here again many fall by the way. One looks at dozens of books of plans, some good, some bad, but not just what it wanted.

One looks at dozens of houses with the same result. The most satisfactory and economical thing to do is to call on some contractor who can help put ideas of the home owner into workable shape. He will render expert advice on how to shave the cost without impairing the real worth of the building. Cheapest construction is often the most expensive in the long run.

When a contractor is called in, it should not be because he is the cheapest to be obtained, for quality should always be considered.

There are many things to be considered in making a home. It should show character, individuality and style. This does not mean that money should be spent lavishly for special mill work, finish and fixtures. To the contrary many of the most beautiful houses built at a price the average person can afford are assembled from the available materials of the local dealer.

It consists of common things put together in an uncommon fashion. It takes the skill of a designer to do this. There is a weakness among home-builders to demand idiosyncratic eaves, monstrous brackets, unnecessary mouldings and useless ornaments.

Usually, these fulfill no purpose and detract rather than add to the character of the house. They also add greatly to the final cost.

The matter of exterior appearance is important. If the windows are badly grouped, a cornice too heavy or a doorway out of harmony then it will lack the very element of distinction and character to the home and will not give the pride and satisfaction which one desires. No amount of special mill work will save it from being ugly and a poor investment.

Six Large Rooms—All Airy and Light

FRENCH TYPE HOME WITH MODERN TOUCH

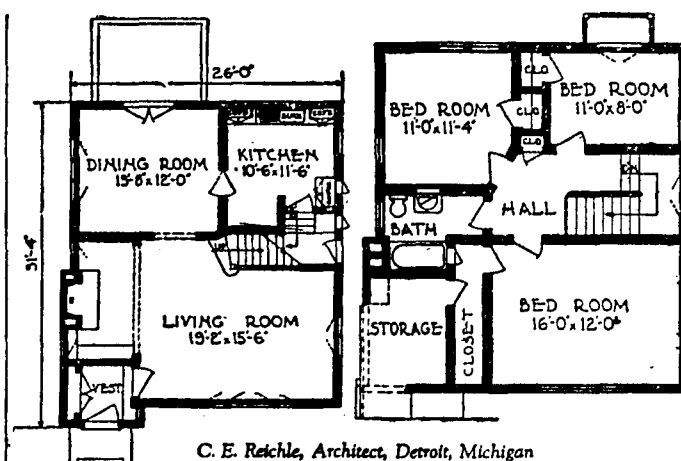

Real attractiveness of design through the pleasing combination of modern and French features has been achieved by the architect in this delightful home.

The arched doorway, with its ornamental brickwork, is typically French, while the close-set windows, set off with flower boxes, and the cut-off eaves are clearly a modern development.

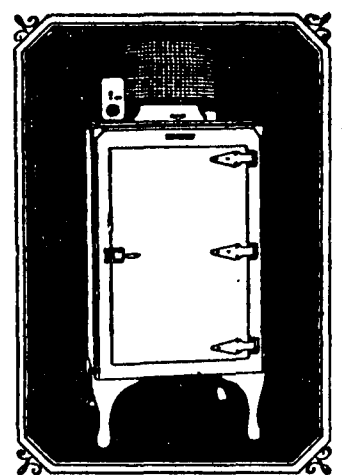

The selection of construction materials indicates true construction economy. With walls of concrete masonry from basement to roof, covered with an attractive texture of portland cement stucco, the builder succeeded in achieving a low first-cost house that has a minimum of maintenance expense while retaining a high resale value throughout the years. (Either concrete structural tile or hollow concrete can be used in masonry walls.)

In the interior, the large living room extends nearly across the front of the house, while the dining room is convenient to the kitchen in the rear. To the left is a fair-sized alcove where a fireplace is situated. The heat of its fire spreads through all rooms on the first floor because of the advantageous location.

On the second floor are three bedrooms—one large one for the master's use and two smaller ones. In addition to the storage provided by four closets on the second floor, the

CORSICANA, TEX., JULY 2, 1929.

PATRIOTISM'S OWN DAY

This year's observance of Independence Day will be the one hundred and fifty-second consecutive celebration of the anniversary of the Declaration. On July 4, 1776, the people definitely chose the Fourth as the day of patriotic rejoicing in preference to the Second of July—the date of the resolution preliminary to the Declaration—which John Adams had suggested for the nation's birthday.

The following year the nation had abundant reason for a fervent ebullition of thanksgiving. British occupation of Philadelphia had ended, and Washington had left Valley Forge with a well equipped and disciplined army in being. Citizens of 1778 were happy over their deliverance, and the nation's natal day was the appropriate occasion to manifest their gladness.

The people of today, viewing the past in retrospect, know that their celebration ties up with that of tomorrow. The original celebrators saw but the precarious babyhood of the nation. No thought should be today more inspiring than that in the intervening hundred and fifty-two years might empires have risen and vanished, dynasties have been overturned and monarchs sent into exile and other republics have undergone mutations.

But the United States, expanding territorially to seven times the area of the original thirteen colonies, sheltering and supporting successive generations of native sons and daughters and countless millions of immigrants and their descendants, has increased the wealth and prosperity beyond any precedent. Coincident with unmatched material progress, the republic has remained unshaken, weathering every storm, including the greatest civil war of which history tells.

THE ENDURING REWARD

Few of the pleasures of life can be counted as assets after they have come and gone. Few of its rewards can give us lasting satisfaction. But one thing will endure the greed of the years and resist any jealousy that would steal or lessen it, and this is the pride of a good job well done.

Almost every code of conduct or philosophy will narrow down to the doctrine that it is man's business to make himself useful. To confirm such a creed there is plentiful evidence of work to be done that can only be done by men. Responsibilities wait for a man and opportunities challenge him, and the job itself will spur him on when no other inducements can touch him. And there is the substantial fact that useful work brings pleasure, pride and peace to the man who does it.

We may not know how our work fits into the scheme into which we are born. We do not need to know. But we need to acknowledge that work is our proper business and that we live to be useful. The only enduring reward of which we can be sure is the by-product of such a philosophy.

One of those sad occasions on which the quotation market tells all: A Wisconsin youth, showing his companions how people commit suicide, used an "empty" gun.

ALL KINDS OF ADVICE

These are the days of commencement advice. And it is certainly interesting to note the wide variety. Here are a few current samples:

Dr. John M. Thomas, president of Rutgers University: "Simply do the things that other people do better than other people do them. You don't have to worry about anything else."

Professor Robert E. Rogers, of Massachusetts Institute of Technology: "Be snobs. It is just as easy to marry the boss' daughter as his stenographer."

Senator Royal S. Copeland: "Don't be snobs. Don't try to marry the boss' daughter. God bless you if you are lucky enough to marry his stenographer."

Governor Morgan F. Larsen, New Jersey: "An education means nothing if it is not put to use. My advice is to use the power you have gained through education by helping your home, your municipality and your state."

These meagre gleanings from the array of graduation counsel should be enough to convince the most ambitious moralist that the 1929 crop of seniors is being well cared for by our forensic philosophers. The assortment makes it possible for one to choose his favorite brand of ethics and walk confidently along any one of a dozen alluring roads to success.

IMPATIENCE.

Impatience is the commonest of afflictions, and it is no less an affliction for being so common.

It assumes many forms, most of them petty and unreasonable. Sometimes it seems people show impatience merely for the sake of striking an attitude.

Men and women have been seen to dash across tracks and then turn to watch the onrushing train pass and disappear down the converging rails. And passengers on that train will crowd the aisles before the cars come to a stop.

Where will one find a more ill-tempered crowd than an assemblage waiting for a late train or delayed trolley? And yet many in that crowd know that while they are waiting they are using up minutes they would have had to waste at their destination.

HUMAN, VERY HUMAN, IMPATIENCE

Human, very human, impatience again shows its scowling face at the elevator door. If an elevator is not available instantly, the average person subjects the button to a frenzy of pushing and begins to fuss and fume. Every elevator has gone through the experience.

It is not the value of time which makes people hurry so. Instead of being as busy as they think they are, they are merely impatient.

AL SMITH'S OWN STORY.

News that former Governor Alfred E. Smith is to produce an autobiography will be scanned eagerly by many people throughout the world. Everyone who has the slightest knowledge of the governor's colorful career will concede that the forthcoming literary effort promises something distinctive in the field of political criticism as well as in the field of letters.

Al Smith's career has been chock full of the incidents which made work for human interest. His rise from the sidewalks of a great metropolis, his youthful fling at the drama, his fish market days, his early experiences in the New York assembly, his steady advance in the Empire State Democracy—these are aspects of the Brown Derby story which already have attracted international attention.

To have such gripping episodes related not by an outside observer but by the man Smith himself is a prospect which is enough to whet the literary appetite of the millions. The autobiography of Alfred E. Smith will be a best seller, unless all the signs which normally point to book demand are curiously unreliable.

THE "HAPPY WARRIOR."

The Christian Science Monitor paid the following editorial tribute in a recent issue to the late William Bramwell Booth:

"The life of General William Bramwell Booth covered a period in history when the poor in this world's goods were starting to gain, to an extent greater than ever before, the consciousness of their inherent human rights. The Salvation Army was one of the most effective agencies in bringing about this great reform, and, hand in hand with his father, William Booth, Bramwell must be recognized as a man largely responsible for the change in the world's thought that it involved. The General has been called the 'Father of the World's Poor,' a title which, as well as any other, gives an idea of the magnitude of the work he accomplished and the love that he entertained for those he was struggling to help."

"Of a different nature from his father, so that the two worked in a remarkable manner as a team, each supplementing the other, he excelled in business acumen, with his other unusual qualities, to the carrying on of the ideals of the army. The fact that a few months ago he was deposed from his position of supremacy is of but slight moment when his achievements during more than a half a century are considered. Indeed, the spirit that inspired all those who took part in the meetings of the council which took action against him, characterized as it was, without malice or meanness, really constitutes a worthy tribute to the effectiveness of the Gospel which he preached. Indefatigable in energy and entirely devoted to the upbuilding of the great organization that his father had founded, his accomplishments for world betterment are writ large. Many thousands there are in every part of the globe who will rise to call him blessed. His good will follow after him."

OIL.

There is little doubt that oil development in Navarro county will come again with renewed vigor. All indications point to another intensive drilling campaign. However the date for this activity cannot be set. It may be a year or it may be several years. The major companies seem to have the situation in this section well in hand. Underground storage is the cheapest obtainable. There is always the possibility of the wildcatter crowding the issue. But we must not wait for another oil boom. We have other resources just as valuable as oil. The present crop outlook was never brighter in Navarro county. And after all is said and done our prosperity is based upon agricultural success.

CONVENTION

The Texas Letter Carriers and Postal Clerks will meet in annual convention in Corsicana July 4-5. Some 500 delegates will attend. The citizens of Corsicana feel honored that this city has been chosen as the meeting place and every effort will be put forth for the entertainment and pleasure of the visitors. Although the local postoffice staff will be the official hosts every man, woman and child in the city will act as unofficial hosts and it is the desire of all that the visitors enjoy every minute of their stay here.

Dr. William Bowie, of the United States coast and geodetic survey, says the earth is cooling off one degree Centigrade every 16,000 years. Thus, the earth will be two degrees Fahrenheit cooler in the year 16,001,928 A. D. Gosh, we hardly can wait.

In preparation for his arrival, Mr. Ramsay MacDonald could fill out the customary questionnaire, at his leisure: "What do you think of our (1) traffic, (2) tall buildings, (3) beautiful girls and (4) prohibition?"

A local old-fashioned parent agrees that any child of his seen in one of the new type bathing suits will get tanned rain or shine.

G. C. HUDSON NOW ASSOCIATED WITH GEN-TEX REFINING

G. C. (Jake) Hudson, well-known local oil operator, has become associated with the Central Texas Refining company, it was announced Friday morning at the company's headquarters here.

Mr. Hudson is well-known to the oil fraternity, not only those who operated in the Corsicana-Powell and Mexico (Worland) fields, but also in the Richland fields, but also in the Luling, and other West Texas fields. He will be special representative of the company in the sales department, and he will also be in the land department later.

The new representative of the Central Texas Refining company has already been over some of the territory with John C. Calhoun, sales manager, and will formally take up his duties with the company next week.

Carrie Mills Woods Dies in California

Charles H. Mills, and daughter of Mrs. Carrie Mills Wood, sister of the late Senator Roger C. Mills, passed away at the home of Mrs. Wood, at her home in San Diego, Cal.

Mrs. Wood was the widow of the late James D. Wood, and they were residents of Corsicana for many years.

Mr. and Mrs. Wood moved to Southern California some years ago, and had made their home there since that time.

There is no surviving child. Miss Caroline Mills Wood, who will continue to make her home at 3225 Second street, San Diego.

DAWSON

DAWSON, June 28.—(Sp.)—Mrs. J. H. McCulloch, visiting relatives in Houston this week.

Conrad Newton Jr. left Monday for a visit with relatives in Palestine.

H. H. Stone and family of Waco spent last week end with Mr. and Mrs. W. T. Stone of near here.

Glen Butler left Monday for a visit with his grandparents in Troup. Uncle George Davis returned from a two weeks visit with Mr. and Mrs. F. N. Matthews.

Mrs. H. C. Garner and son, Spartan Duke, spent last week end with relatives in Waco.

Mrs. J. M. Emerson and daughter, Mrs. Vincent Carlton, of Nashville, Tenn., are visiting Mrs. Hiram Stockard and other relatives here this week.

Misses Agnes and Iley Berry and Miss Clara Savage left Tuesday for New Columbia University this summer.

Ester and Cody Wilkinson were Groesbeck visitors Sunday.

Clyde Turner Sims left Monday for a visit with relatives in Wichita Falls.

Miss Lois Chun is spending the week in Waco with her sister Mrs. J. D. Grubbs.

OBSERVED FIFTIETH ANNIVERSARY

On Tuesday, June 25, Mr. and Mrs. J. S. Harlee, popular and long-time residents of Corsicana observed the fiftieth anniversary of the wedding. They had all their children and their families present except two sons who were unable to be present. Gifts poured in from friends and loved ones and the happy couple who had weathered the storms of so many years together were just as happy as on that day fifty years ago when they took the marriage vows. A sumptuous noon-day dinner was enjoyed and during the afternoon and evening Mr. and Mrs. Harlee were at home to their many friends who called to congratulate them and wish them many more years of happy wedded life.

Court House

Items of Interest From the Temple of Justice.

Sheriff's Office.
 A large quantity of beer was confiscated in a couple of raids conducted by the sheriff's department Thursday afternoon and night.

Officers reported the finding of about 60 gallons of beer on West Collin street and Thirty-Third street. When the officers arrived four 10 gallon crocks had been poured into the back yard and two other 10 gallon containers were emptied, making the back yard about ankle deep. About 500 empty bottles were found, two caping machines, two siphons, and a box of caps. One white man was arrested and paid a fine for vagrancy in Judge Clifton's court.

A white woman was arrested on West Sixth avenue and a complaint was filed against her in Judge Jordan's court for vagrancy in connection with the finding of 135 bottles of beer.

Deputy Sheriffs J. McMurray, Alton Bradley and J. M. Westbrook were on the raids.

Justice Court.

Judge W. W. Clifton assessed two fines for vagrancy Saturday morning and two fines for drunkenness Friday.

Award Contracts For Two Light Cruisers

WASHINGTON, June 28.—(P)—The navy today awarded contracts for construction of the first two light cruisers of its 15 cruiser building program to the Puget Sound Navy Yard and the Bethlehem Shipbuilding Corporation of New York.

DROWNED IN LOUISIANA

MEXIA, July 1.—(SP)—John H. Baker Jr., nephew of Mrs. Chas. P. Stephens, Mexia, was drowned in a lake near Delhi, La., according to word here. The youth formerly lived in Mexia. Details of the drowning were lacking.

RECLAMATION BILL FOR BRAZOS RIVER PASSED BY HOUSE

AUSTIN, June 28.—(P)—The bill by Rep. Leonard Tilton of Sealy, creating the Brazos river conservation and reclamation district, was passed by the house of representatives last night.

While the house was working on "local bills," Speaker W. S. Barron, handed down the reclamation measure and said:

"Here's a little bill my people have been urging me to get through, and I hope you'll pass it."

A few raps of the gavel, a couple of record votes on the electric machine, and it had been sent to the senate.

"I put in 15 years hard work on that bill," Representative Tilton said.

The proposed district would embrace the watershed of the Brazos river and its tributaries in one district for the control of flood waters and their incidental uses.

Mr. Tilton said that the proposed district is distinctive in water control legislation throughout the country, being the only legislation in any state, he understands, is designed to embody the entire area of a river drainage basin a unit for the control of storm and flood waters.

Van Zandt Farmer Makes Beans Pay

WILLS POINT, June 28.—(Sp.)—Jack Kellam, a farmer living five miles east from Canton reports \$200.00 gross receipts from one fourth acre planted in beans. He has marketed 2000 pounds, the price varying from five to ten cents the pound. The seed for the patch cost a little more than one dollar.

In addition to the crop already marketed the land will be reseeded. Jack Kellam thinks he has a fair show for a fall crop from the same land. It is alluvial land on a spring branch and had no fertilizer but will likely be irrigated some for the fall crop.

SON BORN TO QUEEN.

BELGRADE, Yugoslavia, June 28.—(P)—Queen Marie of Yugoslavia gave birth to a third son Friday at 11:40 p. m., at the summer palace at Bled. Her mother, Queen Marie of Rumania, was at her bedside. Mother and son are doing well.

Texan's Failure Pay Alimony Gets Him Into Jail

OKLAHOMA CITY, June 28.—(P)—Because he demanded a jury trial on a contempt citation issued on complaint of his former wife, Mrs. Amelia Yowman, who alleged he owed \$950 in back alimony, John Yowman of Houston, Texas, was in jail here today. He faces the prospect of remaining there, unless he furnishes \$2,000 bond, until the excise board meets late in July and makes an appropriation for jury purposes.

Fourth of July Picnic At Retreat For Cemetery Fund

There will be a picnic in the interest of Hamilton cemetery, July 4th at Retreat. Owing to the illness in the family of Mr. Ed Green it was necessary to change the date of meeting from the Hamilton home to Retreat. There will be speaking and other entertainments, and contests. Everybody is invited to come and bring baskets filled with good things to eat. A quilt will be sold, and a prize of a beautiful yellow Canary singer will be given to the one selling the most names for the quilt. A drawing will be made for the quilt.

Fourth of July Picnic

There will be a picnic at Silver City picnic grounds, Silver City, Thursday, July 4th. Rodeo, a ball game, and the morning and one in the afternoon. Everybody invited. Come out and have a good time and celebrate the Fourth.

Is a Prescription for

Colds, Grippe, Flu, Dengue, Bilious Fever, and Malaria

It is the most speedy remedy known.

"My! you look lovely to-night"

SEE knew the compliment to be true—for the last pimple had vanished.

If you are one of the embarrassed—and men are not exceptions—with skin blemishes that linger, and sometimes leave scars, you must realize that the logical cause may come from the blood.

A clear, smooth, velvety skin bespeaks loveliness. Men admire it. Women praise and secretly envy. Hope, joy, happiness, and even love, may depend on the possession of a clear, unblemished skin.

On the other hand—skin eruptions are outward evidences of the condition within. Authorities state it is an indication that the body's power of resistance to disease and infection is low. Meaning, there is a deficiency of red blood cells.

Without plenty of rich, red blood, there could be no strong, sturdy.

S.S.S. is Nature's own tonic for improving the appetite, building strength, and clearing the body of so-called skin troubles, by increasing the red-cells of the blood.

S.S.S. is made from fresh vegetable drugs and has stood the test of over 100 years.

All Drug Stores sell S.S.S. in two sizes. Ask for the larger size. It is more economical.

WORK PROGRESSING RAPIDLY ON ROADS IN NAVARRO COUNTY

CONSTRUCTION OF DUMP ON STATE AND NATIONAL HIGHWAY WAS STARTED

Work is progressing rapidly on all of the road projects under way at the present time in Consolidated Road District No. 1 in Navarro county including National Highway No. 75.

Maney and Allen, Oklahoma City contractors, have moved in a big force on Highway No. 75 in Richland creek bottoms on the north side of the creek and have made much progress this week. The work started this week. These contract-

ors have scores of teams and other equipment and are rushing the work. This firm has the contract from the State Highway department for the work on the road from Richland to within two miles of Corsicana and within a short time it is expected that the dump on the south side of Richland creek in the bottom will be under way.

Work on North End.

The Tibbets Construction company of Fort Worth is throwing up a dump near Rice on the northern portion of the highway No. 75 in Navarro county. This company has the dump work from a point about two miles north of Corsicana to the Navarro-Ellis county line north of Rice. Tibbets also has the contract for the dump from Richland to Streetman and is working the work there to completion. The Richland-Streetman sector was the first work to be awarded by the State Highway commission in Navarro county on Highway No. 75, and the time for this work is about half used up.

Good progress is noted on the Corsicana-Emhouse lateral road

dump in the Chambers creek bottom sector. This work is being done by Navarro county under the supervision of Jack Megarity, county commissioner.

Work on Slab Shoulders.

F. P. McElwath is dressing up the dirt work on the slabs already completed by him and the dirt work on the Corsicana-Corbet lateral is almost completed. The designation of the lateral where it enters the city near the crossing of the Hillsboro branch of the Cotton Belt railroad track has finally been determined. It has been learned, and it will follow the same location as the present road with the slight exception of easing up the curve where it enters the boulevard.

The city of Corsicana is understood to have agreed at a recent executive meeting to pave the boulevard from the pavement at Thirty-First street to Thirty-Fourth street, the city limits, with two twenty-foot slabs, one on each side of the parkway. The bond petition calls for the county to defray the expense of nine feet of concrete over

this stretch of road and the city and property owners are to defray the remainder of the expense, it is understood from a reliable source. This proposition of the boulevard improvements have not been formally presented to the Navarro county commissioners court, but it is expected to be taken up before the commissioners within the near future. The city and property owners will pay for 31 feet of the 40 feet in two slabs and the county will pay nine feet.

Start Bazette Road.

F. P. McElwath is expected to begin the pouring of concrete on the middle Bazette lateral from the T. and B. V. R. R. tracks on East Fifth avenue, early in July eastward three and one-half miles, the lateral will be 18-foot concrete from the railroad tracks to the Jackson colored high school building and will be a nine-foot slab the remainder of the distance.

The dirt work on this road has been completed for some time. The city commission of Corsicana is expected to let the contract for the paving of East Seventh ave-

nue to the city limits and also South Seventh street from the Pickering Lumber company to the city limits at its meeting Tuesday, July 2. These streets will be thirty-foot pavements with the county paying the cost of 18 feet and the city and property owners paying the remainder of the cost. These two projects probably will be presented to the county commissioners for awarding contracts July 8.

Blooming Grove Fair Dates Are Announced

BLOOMING GROVE, June 28.—(SP)—The sixth annual poultry show and fair at Blooming Grove will be the greatest since the shows were organized, according to those who are in charge. The fair will be held, Oct. 3-5. With the thirty-five head of fine registered Jerseys shipped in the first of the month and with the sheep doubled, the livestock show promises to be far superior to any yet held.

REPORTS COMMITTEE SEEKING DELAY ON ROAD WORK DENIED

Denying circulated reports that the Emhouse road project was being held up at the request of the chamber of commerce, the highway committee of this organization passed a resolution urging that work be started immediately on this road and the work completed as soon as possible.

President C. L. Jester of the chamber reported to the members of the new road committee at their first meeting that he and Chairman Jackson had been before the commissioners court and urged immediate action; they also asked the court to take steps to meet the offer of the highway department on the building of a

bridge across the Trinity river east of Kerens.

The committee was told that Ellis county had received funds for surfacing the road from the Chambers Creek bridge north to Palmer. After some discussion, the committee went on record as favoring the appointment by the commissioners court of a board of three men as provided by statute to locate the road and acquire or condemn the needed right of way, and to push the work as swiftly as possible.

The committee also recommended that the county put up the \$25,000 necessary to secure a bridge across the Trinity river east of Kerens.

The subject of the proposed barbecue celebrating the designation

of the Corsicana-Palmer road was then presented and a tentative date of either July 11 or 12 was set, and the chairman was asked to confer with the Palestine group and others and settle the date at once.

Those attending the meeting included R. J. Jackson, Guy M. Gibson, J. E. Butler, C. L. Jester, J. S. Murchison, F. P. McElwath and W. Roy Christian.

S. E. White of Navarro was in Corsicana Friday afternoon on business.

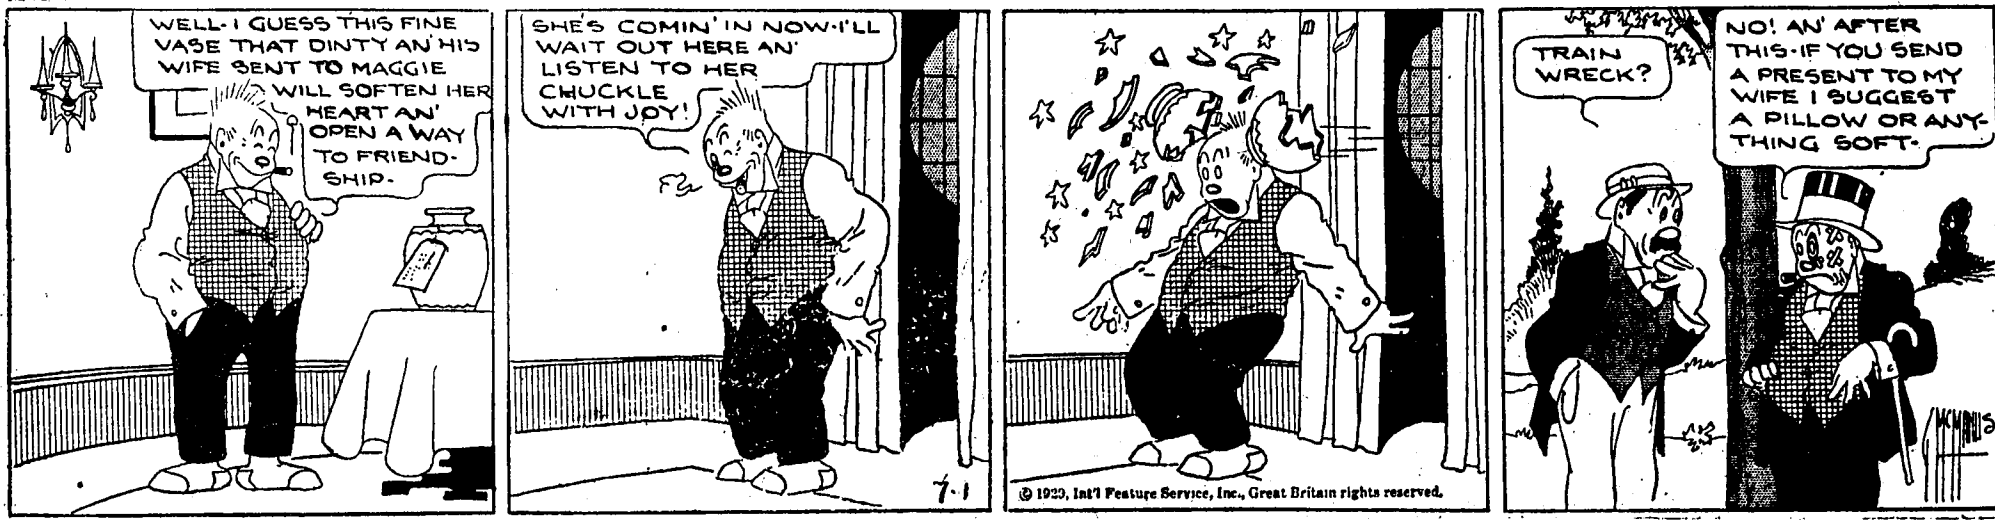

H. H. Mimms of Oak Valley was in the city Friday afternoon on business.

J. B. Henderson of Angus spent Friday in the city attending to business.

EXCESSIVE RAINS LATER PART MAY RETARDED CROPS

FAVORABLE WEATHER DURING JUNE PERMITTED FARMERS TO MAKE PROGRESS

DALLAS, June 29.—(AP)—Heavy rainfall during the last three weeks of June greatly retarded farm operations, seriously affecting the growth of row crops and retarded buying in some lines of trade, says the monthly business review of the Dallas Federal Reserve Bank, issued today. Considerable activity during May showed a sharp decline, value of building permits at principal centers being 58.1 percent less than in April, while commercial features in the Eleventh Federal Reserve District were slightly lower but the amount of indebtedness involved in defaults was much larger than in April.

Most favorable weather in June enabled farmers to make rapid progress with cultivation of crops and to proceed with harvesting of small grains. The condition of livestock and grazing ranges showed further improvement. May and June were fair to excellent in most sections of the district, according to the review. However, more rain is needed in portions of Southeastern Arizona and Western Mexico.

While harvesting of wheat and oats in the North, Central and West-Central portions of Texas was delayed by the wet season which retarded the normal damage to crops, harvesting has been proceeding rapidly since early June and threshing is well under way, says the report. Corn generally has made good progress and is now in good condition. The crop in Southern Texas is nearing maturity and roasting ears are becoming plentiful in North Texas. Corn in Southern New Mexico is in good condition and early fields are in the tassle stage.

Alfalfa Crop Good.
"The Department of Agriculture reported that the second cutting of alfalfa in Texas will be heavy. The second cutting in Southern New Mexico is in progress. Grain sorghums in Texas are up to a good stand."

While planting of cotton is nearing completion in most sections of the district, an unusual amount of replanting has been necessary in the old cotton belt of Texas, Southeastern Oklahoma and Northern Louisiana. Planting in the Northwest and West-Central Texas are farther advanced than a year ago, but in other portions of the district the late, late plants are small and growing slowly.

"Prospect for peanuts in Texas were considerably reduced during the past month by hail, wind and rain, but the condition of apples and peaches is better than in several years. Oranges and grapefruit are in good condition. Watermelons and canteloupes are moving in carlots. Fruit crops in Southern New Mexico promise good yields. On the other hand, the cotton harvest is being retarded by heavy rains. Losses from rotting have been sustained in the early potato crop in Texas. Wet soil delayed planting of peanuts. Output increases."

"Following a decline in April production of crude oil in the district increased considerably in May. There were 25,301,850 barrels of oil represented during the month which represents a gain of 221,000 barrels over April. A partial lifting of prohibition rules in some sections together with an advance in crude oil prices partly accounted for the increase. Output of oil in the district increased and a gain was shown in initial productions. There were 362 completions in May of which 760 were producers of oil that yielded 10,000 barrels of oil. As compared to 553 completions in April of which 272 were successful with an initial output of 126,689 barrels."

"The daily average output of Texas rose from 77,905 barrels in April to 78,788 barrels in May, all fields showing in the daily average yield except East Central and North Texas areas. Production in Central Texas reflected the increase in allowable production in the Yates field. Activity in the Panhandle was centered in Gray county which is rapidly becoming the most active field in North Texas. Extension and further development of the Spindletop field boosted the output of the Texas coastal region over that of April while the Salt Domes area continued to establish a new high mark in its output. Total production in North Louisiana declined 35,500 barrels."

Retail Sales Increase.
The review says that trade conditions reflected most the effects of seasonal factors. Sales of department stores in large centers showed an increase of nine percent compared to the previous month. Retail sales of department stores in May a year ago. Deposits of member banks reflected a further seasonal decline during May, the daily average for the month being \$908,380, against \$924,644 during April."

Operations in cotton consumption and in orders on hand at the end of May was noted in the review. Shipments of lumber at pine mills showed a decline during April and were considerably less than in May last year. May production of cement was heavier than in many months. Business during May numbered 50 with an indebtedness of \$1,984,428 compared to 61 defaults in April that owed \$1,003 and 66 insolvencies in May, 1928, with liabilities of \$2,214,149."

CORSICANA-PARIS LEGION GAME TO BE PLAYED THURSDAY

The championship of Northeast Texas in the American Legion Junior Baseball League will be decided Thursday, July 4, when the Corsicana and Paris teams meet at Municipal Park, Beauford H. Jester, state director, announced Monday afternoon. The Cotton Mill Juniors, champions of Navarro and Limestone counties, have been practicing daily in preparation for the game and have high hopes of annexing this title to their fast growing collection of honors.

The game will probably be incorporated in the celebration of Independence Day by the Legionnaires of the Johnson-Wiggins No. 22, of the American Le-

SLIGHT TAPERING OFF SHOWN IN INDUSTRY AND TRADE DURING THIS WEEK

NEW YORK, June 29.—(AP)—Bradstreet's today says: Trade and industry show this week some slight tapering off, part of this, perhaps, due to purely seasonal influences, particularly hot weather, part of it to reports of slightly modified estimates of fields and crops, such as wheat and some fruits. However, the general trend of reports is still at a higher level than a year ago. In the iron and steel trade, the effects of the hot wave of last week finds reflection in reports of a slightly slower speed of operations, but, in addition, the facts are apparently visible that lack of rain in some areas, is perhaps responsible for a slowing down in future business, while in others too much rain has been an influence in holding back distant buying. In the steel trade, effects of the lessened prospect for fruit crops are noted in a slowing down of tinplate production and in a lessened call for material for automobile and implement manufacture.

Weekly bank clearings \$11,925,318,000, an increase of 13.5 percent over a year ago.

TROPICAL STORM KILLED THREE IN WHARTON SECTOR

WHARTON, June 29.—(AP)—Three negro women were killed and a negro man and baby injured last night when their tenant house six miles east of here was demolished by the tropical storm which swept inland from the Gulf of Mexico.

Young Battiste, his wife and baby and his two sisters were in the house when the storm struck. The women were found dead in a ditch nearby after the storm had subsided. The baby, slightly hurt, was in its mother's arms. Battiste was badly injured but was expected to live.

The house and clothing in the Battiste house was lifted and deposited in another house several hundred feet away.

The Hamilton place is located near the mouth of the river eight miles southeast of here.

Charles Butler, oil field worker, and a negro woman were injured near Victoria.

Several Men Missing.
At Bay City search was instituted for three young men of that city who were fishing in Matagorda Bay and had not been heard from since the storm. Four men from Houston whose identity was not known, were last seen in the same vicinity.

Members of the Bay City party are E. A. Anderson, George Fisher and others. They are now speaking with considerable awe of the treacherous currents which beset the waters off Matagorda Point, southern tip of Matagorda Peninsula.

Grass and grain in the Houston and Bay City parties were in small boats.

The 26 foot sloop carrying the members of the Houston Museum and a number of other persons, was reported to have been blown off by the storm and was missing.

Port O'Connor was reported to have borne the brunt of the storm and communication there was out.

The heaviest wind reported was at Matagorda and reported where it blew a 38-mile wind and Galveston reported a 38-mile wind and Galveston reported a 38-mile wind and Galveston reported a 38-mile wind.

Victoria, Port Lavaca and Palacios also were hit by the storm, reported to have reached gale proportions.

Shingles were torn from houses, windows were smashed, the face was torn from the town clock and several were uprooted at Victoria. Several small fishing smacks were destroyed at Palacios.

Returns to Normal.
CALVESTON, June 29.—(AP)—Clear skies, a moderate breeze and a falling tide presaged a return to normal weather here today after equally and rainy conditions last night. Reports of the disturbance, reported to have passed inland in the vicinity of Port O'Connor, were not available.

Wind Reaches 80 Miles.
VICTORIA, June 29.—(AP)—First rain showers today from Port Lavaca indicated the Gulf tropical storm there last night approached a velocity of 80 miles an hour. No loss of life was reported and property damage was said to be slight.

Reports of a severe telegraphic communications with Port O'Connor, Seadrift, Edna and Matagorda remained suspended, but the general belief was the damage was unprecendable with the possible exception of the Port O'Connor sector, where the storm apparently was most furious.

Workers were busy repairing telephone and telegraph wires and it was believed they would have notified headquarters of any loss of life or serious damage.

Fishing Party Safe.
BAY CITY, June 29.—(AP)—The three Bay City men and their two dogs feared lost in the storm in Matagorda Bay reached Bay City today as a searching party was being formed to hunt for them. The young men, members of a fishing party, had been fighting the storm all night.

A Houston fishing party of four, headed by Bob Lockhart, had not been accounted for all noon.

Scattered Showers
Fell Over County
Scattered showers fell over Navarro county Saturday morning and in some sections a hard rain fell. The heaviest rain fell in the Southern part of the county in the vicinity of Richardson where two showers fell, one early in the morning and another near noon.

Local Party Flies
Mt. Calm Oil Field
Pilot H. J. Nichols flew over the Mt. Calm oil field Saturday afternoon and reported that the field was in good condition. The flight was made by L. A. Worthy, editor of the Corsicana Daily Sun, and W. C. Stroube, and several other local oil men. The return trip was made via Mexico and Worthy.

The trip was made in a new monoplane, "Miss Corsicana,"

BIG VEHICLE HIT CULVERT AND WENT INTO DEEP DITCH

YOUNGSTOWN, O., June 29. (AP)—Twenty-one persons were injured, seven seriously, when a Nevin Line bus bound from Pittsburgh to Detroit struck a culvert and turned over in a seven foot ditch several miles south of here early today.

Two drivers were held for investigation at a hospital by Sheriff Adam Stone of Mahoning county. Jack Irvine of Youngstown was driving the bus. Eugene Pasqua, another driver of the bus, said a passenger automobile failed to get out of the way as the bus came down a hill at a high speed. When it struck the culvert, the bus tumbled into a ditch several feet deep. Some of those hurt may not live, hospital authorities said.

The more seriously injured: Eugene Pasqua, Sharpburg, Pa.; Edward J. Schumacher, New York; Emanuel Schuman, New York; Clifford Myers, Cleveland, possible fracture of spine.

Jack Irvine, Youngstown, dislocated or fractured spine.

BOLD DAYLIGHT
ROBBERY STAGED
IN TOPEKA FRIDAY

TOPEKA, Kas., June 28. (AP)—A woman today held up by W. L. Stalons, chief clerk of the Security Benefit Association here, and escaped with the association's payroll estimated at approximately \$14,000 after kidnapping A. J. Perlich, Kansas city, and forcing him to drive her to the street in a hotel.

Stalons, accompanied by Louis Streit, an employee, had returned to the Association offices from the Central National Bank. When Mr. Stalons stepped out of his motor car, carrying the money in a satchel, he was accosted by a woman holding a handkerchief over her face.

Believing she was a patient off the Association Hospital, Mr. Stalons stopped to talk with her. The woman pointed a revolver at the chief clerk with the command: "Drop that package, or I'll blow your head off."

Mr. Stalons attempted to throw the satchel to Streit, but the woman caught it.

She turned to re-enter Mr. Perlich's motor car, in which she had ordered him to wait at the curb, but he had driven to police headquarters to report the robbery. The woman then fled on foot.

AUSTIN COLLEGE
FOOTBALL SCHEDULE
FOR COMING SEASON

SHERMAN, June 28. (SP)—The Kangaroo football eleven of Austin college will play two of their five "conference" games in Sherman, according to the schedule for the approaching football season which has just been released.

Trinity university, Waxahachie, and Southern university, Georgetown, will face the Kangaroos on the gridiron in Sherman. The Kangaroos will play Simmons university in Abilene, Howard Payne at Brownwood and St. Edwards at Austin.

In the non-conference battles the Mustangs of Southern Methodist university, Dallas, are included in the schedule. This game will be played in Dallas, Oct. 12.

Regardless of what may happen in other games the annual clash between the Kangaroos and the Trinity Tigers on Thanksgiving day in Sherman will be the one to hold the supreme interest in both Austin college and Trinity university circles. These two Presbyterian institutions are rivals of ancient and intense standing, and whenever they meet in athletic contest the game is one for the ages. Austin defeated Trinity both in football and basketball last season.

The Kangaroo schedule for the approaching football season is as follows: Sept. 27.—Southwestern Teachers college, Oklahoma, in Sherman or Denison.

Oct. 5.—Daniel Baker at Brownwood.

Oct. 12.—Southern Methodist university at Dallas.

Oct. 18.—Howard Payne at Brownwood.

Oct. 25.—Southwestern at Sherman.

Nov. 1.—Open.

Nov. 11.—Armistice day; St. Mary's at San Antonio.

Nov. 16.—Simmons at Abilene.

Nov. 23.—Open.

Nov. 28.—Thanksgiving, Trinity at Sherman.

Dec. 6.—St. Edwards at Austin.

Dec. 13.—St. Edwards at Austin.

APOLOGY FOLLOWS SENATOR MCKELLAR RESENTING REMARK

ATTEMPT MADE TO CONNECT REPRESENTATIVE. GARNER WITH BORDER CONDITIONS

SAN ANTONIO, June 28. (AP)—A threat by Senator Kenneth McKellar, Tennessee, to jail Republican National Committeeman R. B. Creager of Texas for "contempt of the senate" today drew apologies for questions attempting to connect Congressman John N. Garner, democratic minority leader in the house, with the political machine in Hidalgo county, Texas, during a senate patronage investigation here.

The threat came during the interrogation of Mrs. H. O. Schaleben, recalled today. When she told of a reputed connection in Creager and democratic leader in Hidalgo county, Creager's executive committee, asked: "Is Congressman John N. Garner, democratic minority leader, aligned with the crooked democratic machine in Hidalgo county?"

Before Mrs. Schaleben could reply Senator McKellar interrupted: "Two or three men are in jail now for contempt of the senate, and we don't want to have to jail any more."

"We don't want to be in contempt," Creager said.

"Please see that you don't, for we don't want to arrest you," McKellar warned.

Questioned by Senate.
After two other witnesses had testified, Bullington apologized for the Garner question.

"We didn't mean to intimate that he is crooked any more than other members of the senate," Creager told the senate committee Bullington had made the apology at his request.

"Garner has been a close friend of mine for 20 years," he said.

"I didn't mean to intimate that he is crooked any more than other members of the senate," Creager told the senate committee Bullington had made the apology at his request.

"Garner has been a close friend of mine for 20 years," he said.

Man Came Into Her Life and He Got Her Savings

BROWNWOOD, June 28.—(AP)—Ben Pittman, 16 years in the penitentiary today because a Brownwood woman discovered he was a married man.

Not that the plaintiff cared that he was married, but she did object to the fact that his wife was her fortune teller. The combination, she declared, cost her a cool \$800.

Several months ago the plaintiff, who takes in washing, had her palm read. She was told that a man would come into her life who had a wonderful business proposition. It would make for a fortune, declared the palmist.

Sure enough, it wasn't three days until the man, just as described, appeared at the woman's door with a bundle of linen to be washed. He asked her to have great business proposition, but needed capital. He left with \$130 in his bill fold. He returned for more, from time to time, until the total reached \$800.

Then the victim smelled a rat. In fact, she smelled an entire ratery. Word reached her that the nice young man was married, whereas he had represented himself as single. A little investigation revealed that his wife was none other than the palm reader.

A jury last night decided Pittman was guilty of swindling.

FOUR KILLED IN TWO AUTO CRASHES OKLAHOMA FRIDAY

MUSKOGEE, Okla., June 28.—(AP)—Two persons were killed and two others injured seriously today in two automobile wrecks south of Warner, Muskogee county.

The dead were Arney Lee Rhodes, 6, of Boynton, an oil man, and Muriel Voss, 10 year old son of Mr. and Mrs. James Voss, also of Boynton.

Man and Woman Killed.
TULSA, Okla., June 28.—(AP)—Charles E. Breese, 68, clothing salesman for Des Moines, Iowa, firm, and Mrs. Emma Nowlin, 74, of Standard, La., who was visiting a daughter here, were killed today in an automobile wreck. Their car was overturned.

Two other occupants of the car were injured seriously. They were Mrs. Mildred Ryan, 37, Mrs. Nowlin's daughter, and Mrs. Ryan's daughter, Opal, 15.

Harry M. Wurzbach testified. Wurzbach, a representative to congress for several years, losing last year to Augustus McCloskey, Democrat.

Court action relieved him of the assistant attorney general. He also read a transcript of testimony at a trial of McCloskey for election frauds, quoting a witness, David Dewhurst, as having said: "McCloskey and Creager said get this election for me, no matter how in the hell you get it."

Eugene Nolte, Seguin, is chairman of the state Republican executive committee.

Big Retainer Fees.
Wurzbach declared he had heard that Creager got \$80,000 in retainer fees from Sanger Bros. of Dallas, Carl Hobbittelle of Dallas, and Lester Clark of Orange, for representing them before the treasury department.

"I was informed that the national committeeman's name would not appear on the records since he was being thrown through a Houston mousetrap," George Hill, Wurzbach said.

Senator McKellar promised that Creager will have an opportunity to defend himself by testifying.

Border Conditions
Bared in Hearing

SAN ANTONIO, June 28.—(AP)—What happens to liquor that is turned over to Texas customs officers by the border patrol was to occupy the senate patronage committee as it began the second day of its investigation here.

Colonel P. J. Hennessey, former co-ordinator of the Eighth Corps Area, who was discharged less than a month after the report of reasons for differences between the border patrol and customs departments, still was on the stand when the session began.

Yesterday, Colonel Hennessey told Senator Smith W. Brookhart, republican, Iowa, Kenneth McKellar, democrat, Tennessee, co-operating patronage committee in Texas, between the customs and border patrol law enforcement in Texas.

When he reported the differences between the two branches, he said, "I have no interest in politics. I am a soldier."

Colonel Hennessey said on October 11, 1927, two days less than a month after he had completed an investigation and had made his report, he was informed he would be removed as co-ordinator, the colonel declared.

"Who was responsible for that?" Senator Brookhart asked.

"I don't know, but I heard Campbell was the one who had put the skids under me," the colonel replied. Roy Campbell is district customs inspector.

Hennessey also said that liquor confiscated by the border patrol was being turned over to customs without receipts.

"What happens to that liquor," Senator McKellar queried.

"I don't know," Colonel Hennessey answered.

"Well, somebody has got to tell us. Is there anybody who can?" "I can, and I will tomorrow," Campbell called from the audience.

"I don't think much of the report you tomorrow," Senator McKellar promised.

Col. Hennessey said he understood barkeepers in border saloons who were employed as "spotters" by the customs to report individual purchases in Mexican bars. He declared he did not know whether the liquor was returned to the "spotters" after arrests were made.

The committee heard testimony from Republican National Committeeman Rene B. Creager, who was being attacked and praised.

Carroll Pickering of Tupelo was in Corsicana Saturday afternoon on business.

C. L. Witherspoon, well known oil operator of San Antonio, formerly of Corsicana, is spending several days here.

FOREIGN RELATIONS BELIEVED INVOLVED PATRONAGE PROBE

BROOKHART HINTS AT DIS- CLOSURES MADE IN EXECU- TIVE SESSION FRIDAY

SAN ANTONIO, June 28.—(AP)—Attacks on the conduct of the customs department in Texas under Roy Campbell, an appointee of Republican National Committeeman Rene B. Creager, continued at the senate patronage investigation here today.

The patronage committee, Senators Smith W. Brookhart, republican, Iowa, chairman, and Kenneth McKellar, democrat, Tennessee, attempted to speed up proceedings so the sessions here could be concluded today.

John Valls, now district judge at Laredo but district attorney there for almost 27 years, repeated evidence of an alleged conspiracy between Campbell and Roy Walker, a former deputy United States marshal but now a fugitive in Mexico on a liquor indictment.

"Walker told me," Valls declared, "that Campbell frequently sent him to Laredo to get liquor. Then he would meet Walker at the bridge and enter the United States, knowing officers would not search an automobile in which Campbell was riding."

Liquor Brought In.
"Walker also said he had brought 72 cases of liquor into Texas and that while he was in Detroit the liquor was removed from his home and disposed of by Campbell and Roy Walker."

Questioned by Orville Bullington, Wichita Falls, vice chairman of the Texas republican executive committee, Valls said he did not place much credence in the statements made by Walker.

"They were not legal evidence," he explained.

H. added that when Walker finally was arrested by federal officers he escaped or was turned loose but was re-arrested at Palestine, Texas, and sent to the U.S. Penitentiary for rum running. Walker failed to appear for his trial and still is a fugitive in Mexico, Valls declared.

During the three years of his service as district director of the U.S. Customs at Laredo, Campbell's officers failed to cooperate with immigration officials, W. M. Hansen told the committee.

"Campbell said he did not want to cooperate because his men were old in the service and mine were all new," Hansen said.

Helped Walker Escape.
Hansen said he was told that before prohibition Campbell bought several barrels of liquor, sent them to Mexico and then to Laredo. Then he ordered the liquor to be taken to the U.S. Penitentiary for rum running. Walker failed to appear for his trial and still is a fugitive in Mexico, Valls declared.

BLOOMING GROVE INDEPENDENTS WIN OVER MAG-MILLERS

GOOD GAME WITNESSED BY LOCAL FANS AT MUNICIPAL PARK SUNDAY

In a baseball game featured by sharp fielding and air tight pitching the Blooming Grove Independents annexed the third and deciding game from the Mag-Millers nine Sunday afternoon at the Municipal park by the score of 3-1.

Tracy Varnell, former Corsicana high school athlete and star football player at Trinity, who last season, was on the mound for the visitors and held the home team well in hand. In only one inning did the Mag-Millers get a hit. In the fourth, the home team scored its only run when Barnes, centerfielder, singled through shortstop, advanced to third on A. Ruth's double over first base, and scored on an infield out. Varnell allowed nine scattered singles.

Gathright tossed a brilliant ball of baseball, but bunched hits in the fifth and eighth innings proved to be his downfall. Blooming Grove scored one in the fifth when Varnell singled through third base with the exception of second and scored on Allen's single over third base. In the eighth, Robison singled and scored on Taylor's double against the right field wall. Taylor scored on Heum's single. With the exception of these two innings, he pitched almost perfect baseball, allowing ten hits.

Taylor, centerfielder, and Varnell, pitcher led the hitting attack with a single and double in four attempts. Barnes secured two singles in four attempts for the Mag-Millers.

It was announced during the game that the same two teams would play at the Municipal park next Sunday afternoon at 3:30 o'clock.

Blackerby Bids Fair To Repeat As Leading Hitter Texas League

DALLAS, July 1.—(P)—Unless he suffers a slump in the second half of the campaign, George Blackerby, Waco's slugging outfielder, promises to be the first player to lead the Texas league in batting for two consecutive seasons. A great spurt during the past week, including one game in which he hit six for six, enabled Blackerby to top the field with an average of .380.

In addition to his hefty average with the stick, Blackerby also is tied with his teammate, Sanguinet, for homerun honors, each with 18 through Thursday's contests.

The 10 leading batters: Blackerby (Waco), .380; Langford (St. Louis), .375; Bennett (W.F.), .375; Starr (St. L.), .375; Lapan (W.F.), .367; Hanson (St. L.), .359; Benton (W.F.), .349; Hutson (St. L.), .349; McClanahan (St. L.), .349; Sullivan (W.F.), .347. Eight of the first 10 hitters are listed either with Shreveport or Wichita Falls.

Benton, Wichita Falls, leads in runs scored with 73, followed by Whelan, Shreveport, with 72. Randolph Moore, Dallas, ran his total hits to 115 to maintain his lead in that department. Larmon Cox, Fort Worth, leads in doubles, with 28. Eddie Moore, Fort Worth has hit 13 triples. Stewart, Shreveport ran his stolen base record to 15, one more than his teammate, Whelan.

Barnabe, Dallas, still has the best winning pitching average, with 11 wins and three losses, but the leader in games won is Lindsey, Houston, with 12. Messenger, San Antonio, has 63 strike outs to 60 for Lindsey.

Four clubs are batting .300 or better, Wichita Falls leading with .308. The Spudders have scored the most runs and are tied with Fort Worth for the most hits.

MAJOR LEAGUE LEADERS.

BOBBY JONES BLASTS RIVAL OFF LINKS IN PLAY-OFF BY MARGIN TWENTY-THREE SHOTS

BY BRYAN BELL
(Associated Press Sports Writer.)
MANAIONECK, N. Y., July 1.—Robert T. Jones, Jr., started back home to his Atlanta law office today with the open golf championship cup Bobby Jones won in a play off for the title. The Southern city today is the golf capital of the United States, for Bobby's third victory over the open comes when the amateur championship cup is paying a visit of a year to the club house of the East Lake Club, country home of the Atlanta Athletic Club, for the fourth time.

In winning his third championship, the great Jones played golf as only he can play it.

"I saw it, but I still don't believe it," said a golfing authority after the king of amateurs had defeated Al. Espinosa, a clever professional, by 23 strokes in a 36 hole playoff over the trap invested west course of the Winged Foot Golf club.

In the closing round of the championship Saturday, Bobby "blew" the title by taking two terrible sevens on par four holes with a 79 and a 78, followed by a 74 hole total of 204. He used up his handicap of seven then and there. He had two sixes in the play-off, one as a result of a two-stroke penalty, but to offset these black marks were 20 strokes in nine threes, four fives and one two.

Never has a championship been decided by such a one-sided score. Jones' margin of victory was 23 strokes in a 36 hole playoff. He began to play early in the day and went steadily worse but he never lost his smile and there was no suggestion of anything but sincere admiration for a great golfer as he wrung Bobby's hand in congratulation at the 36th green.

Roaming the Realm — or — County Sports

BY DELMORE OLSEN

One of the classic amateur baseball teams seen in Corsicana in some time, going under the name of the Blooming Grove Independents, pranced on the diamond at the Municipal park Sunday afternoon and proceeded to administer a 3-1 defeat to the Magnolia-Millers in the third and deciding game of the series.

Don't misunderstand us, we are not underestimating the strength of the Magnolia-Millers team, which by the way, has been strong enough to rule the diamonds in and around Corsicana, but comparing the two teams in action Sunday afternoon, it was evident that the visitors had a better aggregation for the day, at least.

In Taylor, who patrolled the center garden, the visitors had one of the snappiest hot hawks we have had the pleasure of seeing in some time. He covered the territory like a blanket and brought the cash customers to their feet in applause when he snared a high line drive from the war club of Paul Bash, which looked like a sure double or triple. This young man is something of a hitter, scoring the winning run with a slashing double that rattled the boards on the right field wall, a drive that any player in the National pastime who plays not only for the love of the game but also for the money, would have been proud of.

Tracy Varnell seemed to have something on the ball Sunday afternoon besides steam. In several "light" places he bore down and slipped the third strike past the would-be hitters, who felt the heat of sorts by fanning with a man on base.

Paul Rash, the big husky lad who holds down first base in creditable manner for the Magnolia-Millers, wields a wicked willow. He had hard luck Sunday, hitting the ball far and wide into the outfield only to have the fleet Taylor camp under it and gather it in for an out.

Arrangements are under way for the district baseball game in the American Legion Junior Baseball league between Paris and Corsicana to be played at the Municipal park, July 4. It was announced by those in charge of the Cotton Hill Juniors Monday morning. Nothing definite had been learned about the proposition, but the Paris crew had been approached. A definite answer from the Northwest Texas champion is expected by Tuesday morning.

Golfers and near golfers were flocking to the Municipal golf course Sunday afternoon in preparation for the big Flag tournament to be held Thursday, July 4.

MERTENS DEFEATED BLOOMING GROVE AT HOME ON SATURDAY

BLOOMING GROVE, July 1.—(S)—Rallying in the ninth inning to score four runs, the Mertens Independents defeated the Blooming Grove team 12-11 here Saturday afternoon. The visitors waged an uphill fight throughout the game and gradually reduced the long lead amassed by the home team in the first innings.

Walter Kemp, Mertens' second sacker, and Allen, Blooming Grove pitcher, each secured three hits in four times at bat. Allen hit a home run for the home team.

The Box Score.

WHITE'S CHAPEL CATS DEFEATED HUMBLE REFINERS

The White's Chapel Cats smothered the Humble Oil and Refining team under a 6-0 score Sunday afternoon when Newsom was stingy with hits, and kept the few he grudgingly allowed the Refiners well scattered. The game was played at Mildred and was witnessed by a large number of fans.

W. Davis was the leading hitter of the game cracking out four safeties in five trips to the plate. He was closely pressed for hitting honors by Neal Stover, who secured three doubles in four attempts.

Next Sunday, the White's Chapel Cats will play the Texas company nine on the Humble diamond at Mildred.

progress of the city champion has been the center of interest, entering the play practically unknown and not accorded an outside chance at the title. Playing a cool calculating game, he wore down his opponents and until the finals never lost a set in tournament competition.

L. Levy was second place winner in the tournament with M. S. Cook in third place.

DR. JAMES A. WILLIE GOES TO NEW ORLEANS

Following his return to Austin for state medical examination, as the guest of his aunt, Miss Lewright, and a week end visit in San Antonio, Dr. James A. Willie left Thursday to take up his internship at New Orleans.

Jess Young of Zions Rest was here Friday morning on business.

Sheppard Winner of City Tennis Title Thursday

John Sheppard, sensational young State Home tennis player, won the championship of the city-wide tennis tournament by rallying in the second set of his scheduled final match Thursday afternoon with L. Levy, taking a 6-2 decision after his veteran opponent had won the first set 7-5. After this point Sheppard played unbeatable tennis winning the third and fourth sets 6-4, 6-3, in quick order.

Throughout the tournament the 4th. From indications Sunday, the course will be crowded with players on Independence day trying to get somewhere with the number of strokes allotted to each player. Hope they have better luck than we did Sunday, they could not have gone far on 74 strokes, par for the course.

The Bazette baseball team has played 500 thus far this season, we are advised by Tom Warren, manager of the Eastern county champions. The team is anxious to match games with strong independent aggregations and will play on a home and home basis. Any one wanting to match games get in touch with Tom Warren.

Former Texas Ranger Held In Death Two Men

SOUTH ROCKWOOD, Mich., June 28.—(P)—Two former Kentuckians are dead, a former Texas ranger held for investigation as a result of a shooting affray here last night. Both men were slain by shots from the same pistol, officers say.

The dead are Clifford Williams, 30, and Lee Waldom, 25. Eugene H. Cheeves, 32, also of South Rockwood, is under arrest.

Cheeves' sheriff's officers said, declared Waldom and Williams had "threatened to get me."

PETE M'KENZIE IS DECLARED INSANE; TO ESCAPE CHAIR

SAN ANTONIO, June 29.—(P)—John M. (Pete) McKenzie, condemned slayer of Detective Chief Sam Street, was adjudged insane by a jury in district court today. The jury, which retired shortly after 11 o'clock last night, reported to Judge W. W. McCrory at 10:20 a. m. today.

McKenzie, four times reprieved, will be sent to an insane asylum for the remainder of his life, unless later adjudged sane.

The verdict was read to a crowded courtroom by Judge W. W. McCrory. The jury's report, signed by M. E. Paschal, said: "We, the jury, find John M. McKenzie insane at this time." This verdict automatically cheated the order placing him in the custody of the county courts. The county judge will commit him to an asylum.

Pete stared, immobile, as though unable to grasp the significance of the verdict. Presently tears welled in his eyes.

The crowd attempted to reach Pete for handshaking, but was held off by deputies.

McKenzie will be held in the county jail until the court issues an order placing him in the custody of the county courts. The county judge will commit him to an asylum.

Cities Have Right Make and Sell Ice

AUSTIN, June 28.—(P)—Home rule cities have the right to build plants for the manufacture of ice and sell it. The supreme court held today in answering a certified question submitted in the case of City of Denton vs. Denton Home Ice company.

ADDITIONAL STATE AID GRANTED FLOOD SWEPT COUNTIES

AUSTIN, June 28.—(P)—State aid totaling \$241,212, made largely to East Texas counties whose roads and bridges were damaged by recent floods, was announced today by Gibb Gilchrist, state highway engineer, following approval of the projects by the state highway commission.

The commission also designated as a state highway the route from Fort Stockton in Pecos county to Alpine in Brewster county, and extended Highway 82 from Kermit Winkler county, to the New Mexico state line, conditioned on the county furnishing a 100 foot right of way.

Appropriations given counties follow:

Tyler County—\$1250 for construction of grade separation, Highway 40, near Warren.

Freestone County—Increased appropriation of \$6,821.56 for relief opening of two concrete girders on Tehuacana creek, Highway 32.

Calhoun County—Increased appropriation of \$16,000 for treatment of timber trestles, Guadalupe river valley, Highway 57, from Port Lavaca, to Tivoli.

El Paso County—Increased appropriation of \$17,328.89 for seal coat surface treatment of 20.08 miles, Highway 70.

Newton County—Initial appropriation of \$1,900 for general maintenance of 13 miles, Highway 87.

Angels County—Increased appropriation of \$3,328 for repair of trestle and roads, 10.10 miles, Highway 3-3, and \$5,000 increased appropriation for twenty miles bridge building and gravel repair, Highway 63.

Titus County—Initial appropriation of \$32,467.17 for gravel work on 8.8 miles, Highway 1.

Trinity County—Increased appropriation of \$4,000 for gravel base, asphalt and surface repairs, Highway 94.

Tyler County—Increased appropriation of \$5,000 for bridge, culvert and fill repairs, 42.8 miles, Highway 40.

Val Verde County—Initial appropriation of \$3,000 for gravel work on 15 miles, Highway 3.

Tyler County—Increased appro-

and culvert repairs, 27.23 miles, Highway 9-3.

Polk County—Increased appropriation of \$9,000 for bridge repairs, 23 miles, Highway 45.

Houston County—Increased appropriation of \$4,000, gravel surface and culvert repairs, 22 miles, Highway 21.
